Crowdfunding

Examples of crowdfunding:

SNAP! Raise

GoFundMe

WeFund4U

Note: All fundraisers must follow the attached Solicitations Procedure

Fund-raisers and supplemental funds provided for the schools or system must be consistent with the goals, objectives, and policies of the Richmond County Board of Education.

Fundraising Guidelines

1. Fundraisers must be preapproved by the school Principal. At the system level, fundraisers must be preapproved by the Chief Financial Officer. All preapproved fundraisers are available on the Chief Financial Officer's web page.
2. Solicitations of funds from students can only be approved by the Chief Financial Officer.
3. No instructional time shall be used for fundraising.
4. Participation in fundraising activities must be voluntary. No student should be penalized for not participating.
5. Students in grades PK-5 should not participate in door-to-door fundraising.
6. No fundraising activity may be conducted in support of a field trip that is not approved by the Richmond County Board of Education.
7. The sale of food or beverages during the school day must meet the requirements of the wellness policy.
8. The proceeds and property of all fundraising must remain within the Richmond County School System unless special permission is given by the Chief Financial Officer for funds to benefit a charitable organization. The charitable organization has to be designated as nonprofit. All funds raised should be remitted directly to the charitable organization immediately following the fundraising event. Documentation of the funds should be kept showing amount raised and receipt of that amount as a donation.
9. Proceeds raised or property purchased by a parent organization, booster organization, or any other group must remain within the Richmond County School System.
10. Funds shall be accounted for as prescribed by Georgia law, Board policies, and Budget, Finance, and Auditing procedures.
11. No monies should go to a personal bank account – all funds should be deposited into a school or system account.

Advertising for Fundraising Activities

1. All advertising for fundraising activities should be nonpolitical and nonsectarian in nature.
2. Advertisements should not be placed in publications which are not approved by the Chief Financial Officer.
3. Advertisements should not contain pictures of alcohol use, tobacco use, or be of an obscene or pornographic nature.

Crowdfunding

1. Requests to participate in a crowdfunding fundraiser must be made in writing and sent to the Chief Financial Officer for approval.
2. Crowdfunding websites should follow FERPA and any other Federal and State laws which protect students.
3. All funds received must be used by the designated source for the purpose published.
4. The System may request that a posting be taken down or reworded.
5. The Chief Financial Officer must approve any requests to move funds/materials to another site within the Richmond County School System. Requests must be made in writing prior to the move.
6. Funds/materials become the property of the school or system in the event that the employee who originated the crowdfunding terminates his/her employment.
7. All monetary donations should be recorded by the school bookkeeper and any donations should be in the name of the school (not to an individual person).
8. All crowdfunding activities must comply with Board policies and procedures.
9. Any crowdfunding for the purchase of technology must receive approval from the Director of Technology for equipment purchases.
10. The Richmond County School System will not provide tax donation forms for donors.
