

I want to welcome our new and returning families to Gracewood for the 2015-16 academic school year. It is a joy to have your family as part of the GES family. Your child's education is very important to the staff and faculty at GES. Our goal is to build that dynamic home and school partnership that will fuel student success. We are very excited about what the New Year will bring and all that will be accomplished. Together, we can ensure a positive elementary school experience and help students meet their full potential in the classroom.

Thanks you for trust and continued support of our outstanding school.

*Mr. Chris L. Neal*

Principal
