School and Community

Established in 1970, Warren Road is a public school with an Arts Infusion program within the Richmond County School System. Historically, Warren Road was a neighborhood school serving students from nearby neighborhoods. In efforts to increase enrollment and participation in the arts, in 2009, Warren Road piloted an arts program. Currently, Warren Road serves over 600 students in grades PreK-5, 10% of which are Arts Infusion students. Admittance into the Arts Infusion Program is based on prior academic criteria, good character/behavior, and district preference. Many students attending Warren Road go on to further their education in Richmond County Magnet Schools. Warren Road is located in Augusta which is the second largest and oldest city in Georgia. Augusta is best known as the Garden City and home of the Masters Golf Tournament. RCSS operates 59 schools and serves over 30,000 students. RCSS has International Baccalaureate Program, top-rated magnet schools and programs, specialized curricula such as STEM (Science, Technology, Engineering and Mathematics), Arts infusion, and technology-rich classrooms.

General Information

Warren Road is an Arts Infusion School operating under the guiding vision that the arts are an integral part of life and education. At Warren Road, we feel the arts are essential for the social and academic development of every student. Our program includes classes for all students grades PreK-5 which provide instruction for 30 minutes per day in dance, drama, music, or art as well as an award winning outdoor classroom. While students are at Warren Road, they are provided with many opportunities to perform and showcase talents while engaging in a rigorous curriculum balanced by the arts. Warren Road has an enduring presence among the top ranking schools in Richmond County and is continually recognized for excellence.

College and Career Ready Performance Index (CCRPI)

College and Career Ready Performance Index (CCRPI) is Georgia's statewide accountability system. The CCRPI assesses how well students are prepared for college and careers and ensures that schools are focused on improving achievement among all students. The index measures progress on indicators such as content mastery, student attendance, and preparation for the next school level. Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. Schools may earn up to a set number of points in three main categories, for a total of 100 possible points.
