468

Average Daily Attendance

95.17

Special Programs\Fine Arts

- Music
- Orchestra
- Art

Points of Pride

- National Junior Beta Club
- Student Council
- Helen Ruffin Reading Bowl
- Math Team Competition

School and Community

Windsor Spring Elementary School, home of the “Hornets,” was built in 1964 to serve the south Augusta neighborhoods located between Peach Orchard Road and Tobacco Road. At that time Windsor Spring or as it affectionately became known as “the Spring,” was one of only two elementary schools located in South Augusta, with Gracewood Elementary being the other. The school name was selected because of our close proximity to the famous Windsor Spring, whose water was taken by President Taft on his trips to Panama and other countries. Our initial enrollment was almost 1200 students, many of whom were part of military families stationed at Fort Gordon. We are serving 3rd generations of students here at Windsor Spring.

General Information

Here at “the Spring” you will find a learning community of dedicated teachers, administrators, and staff who strive each and every day provide an engaging, safe learning environment, so that all our students will be successful and productive members of our community. The Windsor Spring family prides ourselves on creating educational experiences and utilizing instructional strategies that are appropriate, relevant, data driven, and reflective of local and state standards. Most of our staff members hold advanced degrees and are often participating in available professional learning opportunities.

College and Career Ready Performance Index (CCRPI)

College and Career Ready Performance Index (CCRPI) is Georgia’s statewide accountability system. The CCRPI assesses how well students are prepared for college and careers and ensures that schools are focused on improving achievement among all students. The index measures progress on indicators such as content mastery, student attendance, and preparation for the next school level. Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. Schools may earn up to a set number of points in three main categories, for a total of 100 possible points.
