## Hephzibah High School Mission Statement

The mission of Hephzibah Comprehensive High School is to transform students into caring, open-minded thinkers who will respect themselves as well as others locally, nationally and globally, producing citizens who lead with dignity and integrity.

The stakeholders of Hephzibah Comprehensive High School will provide students with an academically challenging and culturally diverse environment that fosters the development of strong character and intellect.

Dear Rebel Parents & Guardians,

Welcome to the 2021-2022 school term at Hephzibah High School! I am Ms. Proctor and I'll be teaching 10th Grade Literature and Dramatic Writing, both face-to-face and hybrid. This is my fifth term teaching in the Richmond County Schools.

I am a product of Richmond County and an esteemed graduate of Josey High School. Having earned a Bachelor of Arts degree at Paine College, I've stayed on to continue a Master of Arts in Teaching degree at Georgia Southern University.

I look forward to creating an enthusiastic learning relationship with my students. My intentions for my classroom rely on my focus in preparation to transfer workable and new literacy suggestions to students. To introduce rigorous instructional practices and coordinate effective ways for student indigenous development and incorporate technological processes with writing to promote post-graduate life skills. I expect students will maintain dignity and responsibility towards themselves and their peers as we begin on our educational journey together.

I encourage parents to request a parent conference. Also, log in to remain connected to our learning process in Canvas or Infinite Campus and log in the Remind app for all classroom connections.

I look forward to a constructive and enriching school term!

Educationally yours,

Ms. Jasmine Proctor

## Hephzibah High School IB Mission Statement

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end the organization works with schools, governments, and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate, and lifelong learners who understand that other people, with their differences, can also be right.
