

LAB RULES/SAFETY:

1. No horse playing.
2. No chewing gum, eating, or drinking.
3. Be aware of the lab's exit.
4. Locate all safety equipment: Eye washing station, emergency shower, fire extinguisher, etc.
5. Keep your work area tidy and clean.
6. Do not inhale fumes from any substances used in lab.
7. Do not taste any substances used in lab.
8. Do not touch any substance used in lab without permission from the teacher.
9. Wear all appropriate protective gear as instructed by the teacher.
10. Report all injuries, accidents, and broken equipment or glass right away, even if the incident seems small or unimportant.
11. In the event of something splashing into your eye(s) or on your skin, immediately flush the affected area(s) with running water for at least 20 minutes.
12. Make sure you always follow the proper procedures for disposing lab waste. Do not pour anything in the sink without permission and do not throw anything in the trash can without permission.
13. After performing an experiment, you should always wash your hands with soap and water.
14. Make sure that loose clothing or dangling jewelry is secured or avoid wearing it.
15. Before you start an experiment, make sure you are fully aware of the hazards of the materials you'll be using.
