*5 Things to Know
about Mrs. Britt*

Back to Classroom

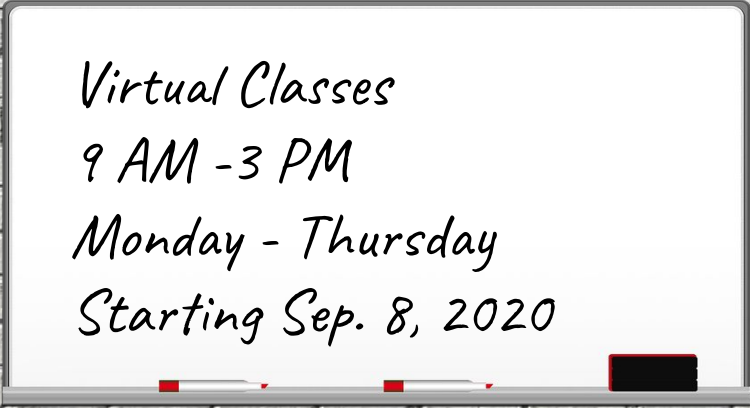

- I live with my husband. We have a daughter and a son, who are all grown up now!
- I love reading books. I learn new words, expand my imagination, and gain vicarious experiences that I might not otherwise had.
- I like to listen to music, so maybe we will have a couple of Virtual Dance Parties this year!
- My favorite thing to do is to travel to and explore new and exciting places. So I will be so glad when this CoronaVirus is out of here!
- Shopping is another one of my favorite things to do! I love coordinating and decorating stuff!

No one really likes wearing a mask. But staying safe is an important task.

Although we can't be in the same space, I would love to see your smiling face, and get to know a little more about you.

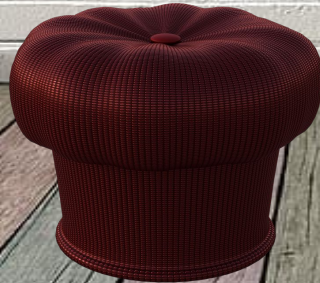

So when this presentation is done, send me an email: It will be fun!
