

The Richmond County School System provides parents with a free Canvas-based course called "PowerUp for Parents" where participants can:

- Review RCSS **Policies, Procedures**, and the new **1:1 Handbook**
- Learn About **Device Care and Usage**
- Familiarize themselves with common **software** used in the district
- Learn how to log into **Canvas** as an **observer**
- Identify ways to **find support** for devices and software
- Learn about **Digital Citizenship**

To access the course, use the QR code above or go to:

Digital Citizenship in Richmond County

Digital Citizenship is the responsible use of technology to learn, create, and participate in school and society.

In Richmond County, we believe Digital Citizenship is a vital component of **equitable education**. Within the first few weeks of schools, teachers will deliver Digital Citizenship lessons to every student based on Common Sense Media's research-based and widely accepted **Digital Citizenship curriculum**.

Parents are also encouraged to explore Digital Citizenship and Equitable Learning resources by using the **QR Code in the blue circle above**.
