

HOMEWORK

To Do List:

- **Weekly homework** will be assigned Mondays in class, then collected Fridays. This allows for work to be completed throughout the week or whenever it works best with your family’s schedule. Homework is checked for effort, not accuracy.
- **Signed papers** are due every Wednesday from the Tuesday folder
- Students are to spend 45 minutes at home each week on Math in **i-Ready**
- Encourage students to practice their dance, musical instruments, and sports! Permit time to work on their art projects! And remember after school clubs, or other **extra-curriculars!** Such activities are fantastic ways to grow one’s brain, and are rich supplements to student academics!

Homework Policy

Homework counts as 10% of each core subject’s grade. Please be advised that late homework is **not** accepted without an excused absence. Five points are deducted for each occurrence. Additionally, *projects* turned in late lose 11 points per day.

Please see the CT Walker handbook for further information.

Math Grading

Tests/Projects	40%
Daily Assignments	30%
Quizzes	20%
Homework/i-Ready	10%
Total	100%

Science Grading

Tests/Projects	40%
Daily Assignments	30%
Quizzes/Labs	20%
Homework	10%
Total	100%

Science Fair Project

The Richmond County Board of Education requires each student to complete a science fair project. In fourth grade, each student must complete a typed research paper, tri-fold board, and presentation. The topics for the project must be approved by the teacher. Detailed information and dates will be sent home as soon as teachers receive the information.
