

MIDDLE SCHOOL

Middle school students in our online academy will take four morning **OR** afternoon core classes (ELA, math, science, and social studies) each semester. They will also have the option of taking connections classes if they chose to do so. Each course is scheduled twice a week and will be **50** minutes long. This instruction will be delivered in a synchronous format where students will interact with their teachers and their classmates in a real-time, virtual setting. Middle school students are also allowed to participate in after-school activities.
