

# Welcome!

**I am Mrs. Jasmine Shields and I am so very excited to be your child's Algebra teacher! Teaching your child is a tremendous responsibility and I will do my best to ensure that each student has a safe and motivating learning experience. However, I must say that I cannot do this without the help of you, the parents. We are partners in the learning process!**

## Important things you should know...

### **1. Classroom Participation**

- It is essential that all students come to class prepared (paper, pencil, textbooks, and notebooks) and ready to learn!
- All students should be prepared to take notes daily and be actively engaged during instruction.

### **2. Homework**

- All students will be assigned homework on a weekly basis via **USA Test Prep** website at <https://www.usatestprep.com>.
- Other homework assignments (*i.e.*, study guides, projects, etc.) will also be assigned periodically.

### **3. Assessments**

- **Weekly Quiz:** Students will be quizzed on course materials covered during the week; therefore, classroom participation and daily notetaking is imperative.
- **Test:** Students will also be assessed on course materials covered throughout the Lesson Units.

***\*All other pertinent information can be found on the course syllabus.***

I hope you find this to be an invaluable resource to help keep you up to date on what is happening in the classroom and what is expected of students.
