

Welcome to 5th Grade!!

I am so excited to be your child's 5th grade teacher. Fifth grade is an exciting and significant year. It is an important part of setting up future success as your child prepares to transition into middle school. It is extremely important that we start strong and aim to finish strong. As your child's teacher, it is my goal to help him/her to become a confident learner and leader. I am looking forward to bringing your child in an atmosphere of safety, trust, and respect. We are a team and work towards building a sense of community among the students.

Mrs. Scott
