What is Family Engagement?

Family Engagement means the participation of parents and family members in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- (A) That parents play an integral role in assisting their child's learning.
- (B)) That parents are encouraged to be actively involved in their child's education.
- (C) That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.
- (D) The carrying out of other activities, such as those described in Section 1116 of the ESSA.

About the Parent and Family Engagement Plan

In support of strengthening student academic achievement, the Richmond County School System (RCSS) has developed this parent and family engagement plan that establishes the district's expectations and objectives for meaningful family engagement and guides the strategies and resources that strengthen school and parent partnerships in the district's Title I schools. This plan will describe RCSS's commitment to engage families in the education of their children and to build the capacity in its Title I schools to implement family engagement strategies and activities designed to achieve the district and student academic achievement goals.

When schools, families, and communities work together to support learning, children tend to do better in school, stay in school longer and enjoy school more. Title I, Part A provides for substantive family engagement at every level of the program, such as in the development and implementation of the district and school plan, and in carrying out the district and school improvement provisions. Section 1116 of the Every Student Succeeds Act (ESSA) contains the primary Title I, Part A requirements for schools and school systems to involve parents and family members in their children's education. Consistent with Section 1116, the RCSS committed to coordinating and integrating parent and family engagement strategies under Title 1 Part A with other federal, state, and local laws and programs by:

- Committing to utilize each school's budget to provide self-help resources, parenting magazines, resources for the home (such as "Study Buddy," and summer bridge reading and math materials), and improvement guides to assist with each student's academic growth.
- Communicating effectively with parents utilizing parent workshops on various topics suggested by parents.
- Considering and addressing parents' needs by committing to obtain documented suggestions, ideas, and comments at each scheduled parent event.
- Building relationships with internal and external departments and organizations within the community. Internally we will commit to scheduling monthly brainstorming sessions with our Partnership Office to assist with engagement strategies. Externally, we will align with local community partners as they plan community events and be in attendance with resources to distribute.

Jointly Developed

Throughout second semester of the 2024-2025 school year, parents were given the opportunity to provide input to improve the RCSS Parent and Family Engagement Plan, the consolidated LEA Improvement Plan, and the school improvement/Title I School wide/ Title I Targeted Assistance Plan and the Continuous Support and Improvement and the Target Support and Improvement plans for the 2025-2026 school year.

Parents were invited to give feedback during school parent meetings across the district, District Parent and Community Stakeholder Input Meetings and by completing surveys via the website and various communication platforms. The information was gathered and included in the 2025-2026 RCSS Parent and Family Engagement Plan.

Upon final revision, the district parent and family engagement plan will be incorporated into the Comprehensive LEA Improvement Plan (CLIP) which was submitted to the state. Parents are welcome to submit comments and feedback regarding the plan at any time on the school district website. All feedback received by June 16, 2025, will be included within the plan for the FY 26 school year.

The district parent and family engagement plan is posted on district and school websites, distributed during the annual Title I district and school meetings, and made available to parents in school parent centers or guidance offices in a format and language they can understand.

Strengthening Our Schools

RCSS will provide support and technical assistance to all its Title I schools in planning and implementing effective parent and family engagement practices inclusive of School-Parent and Family Engagement Policies/Plans, School-Parent Compacts, and all Title I parent and family engagement requirements through:

- Program specialists
- District Parent Center that supports parent and family engagement
- Local Parent Centers as funded by schools and school level parent facilitators

In addition to frequent communication and school visits, Title I schools will receive notifications, resources, and training from the district to help them improve and strengthen parent and family engagement.

Additionally, the Federal Programs department will provide training to principals so principals will understand parent and family engagement requirements and plan.

Parent and Family Engagement Evaluation

The RCSS Title I Department, in collaboration with Title I schools, conducted its annual evaluation of the Parent and Family Engagement Plan to assess its content and effectiveness in enhancing student achievement and improving school performance. The Federal Programs Department gathered Feedback through multiple methods, including a district-wide parent survey on the RCSS website, school-level surveys, and in-person Spring Title I Parent Input Meetings hosted at each school site.

Various meetings were held from February through June 2025, providing multiple opportunities for parents and family members to participate in the evaluation process. A key event during this period was the Comprehensive Needs Assessment meeting in June 2025, where families engaged in collaborative brainstorming sessions to identify effective strategies for improving family engagement practices.

Input collected from these meetings and surveys will inform updates to the Parent and Family Engagement Plan for the 2025–2026 school year. These revisions will support more inclusive, effective, and meaningful engagement efforts throughout all RCSS Title I schools.

Reservation of Funds

The Richmond County School District will involve the parents and family members of children served in Title I, Part A schools in decisions about how the 1 percent of Title I, Part A funds reserved for parent and family engagement is spent and will ensure that not less than 90 percent of the 1 percent reserved goes directly to Title I schools.

RCSS will share with parents and family members the budget for parent and family engagement activities and programs and how parents and family members will be involved in providing input into how the funds are used. The funds are used for supplies and resources for the District Parent Center and District Parent workshops. Each Title I school will host an input meeting for parents to provide suggestions as to how these family engagement funds will be used in the upcoming year at the district and school-level. In addition, parents can complete district surveys on the district website or at various parent and family engagement events such as cluster meetings. Surveys, input forms, and minutes from these meetings will be reviewed by the district to determine areas of need for the upcoming school year and to consider changes to the family engagement budget.

Opportunities for Meaningful Parent Consultation

All parents of students eligible to receive Title I services are invited and encouraged to share their input and suggestions throughout the year on the District Parent and Family Engagement Plan, the CLIP and Schoolwide Improvement/Title I Schoolwide Plan/Title I Targeted Assistance Plan in the following ways:

- During February thru June 2025, all stakeholders in Title I schools were invited to give input and feedback on the District Family engagement Plan and the Comprehensive Needs Assessment/District Improvement Plan. Open Community input meetings were held, and online feedback forms were available to gather input for the district's needs assessment. Parent, student, and staff surveys are conducted annually and used in the needs assessment and planning process.
- Feedback forms will be available at the school, online and in the community
- Schools will be encouraged to host multiple in person input opportunities throughout the year as requested through parent input.
- To the extent feasible, schools and the district will use virtual options to host meetings and collect parent input
- School parent input meetings will held, and parents will be encouraged to contact their parent facilitator, family service facilitator, or other parent engagement representative
- The annual district survey is available on the district's Federal Programs webpage
- District-wide parent input meetings will be held at multiple times and in multiple locations in the spring
- The Federal Programs Department can be contacted at 706-826-1000

Parents are notified via school and district website, ShoutPoint, notifications at the school, announcements at parent events and in the community about these opportunities as they are scheduled. Feedback forms are provided online as well as in the schools and in the community giving parents the opportunity to share their input and suggestions on the use of Title I funds, their school's Title I parent and family engagement program, their school's school-family compact, their school's parent and family engagement plan and the district parent and family engagement plan.

Building Parent and School/Staff Capacity

The RCSS will build parent and school/staff capacity to strengthen parent and family engagement throughout the district.

Parent Capacity

- Schools will educate parents in understanding the State academic standards, school curriculum, student progress monitoring, and standardized assessments such as Georgia Milestones and End-of-Course tests.
- School staffs will teach parents through parent workshops throughout the FY26 school year at various sites. Topics may include improved discipline and communication, attendance, how brain development affects children's behavior and decision-making, parenting a special needs child, seven smart strategies parents can use for immediate school success, and preventing use of tobacco, alcohol, and drugs.

- School staffs will offer parent workshops on topics suggested by parents such as at-home reading strategies, homework tips, and utilizing community resources. Programs will be held for parents who have children transitioning from pre-k to kindergarten, middle school to high school, and high school to post- secondary education in order to help parents prepare those students for their next steps in education.

Staff Capacity

- School staffs will be trained to educate parents in understanding the State academic standards, school curriculum, student progress monitoring, and standardized assessments such as Georgia Milestones and End-of-Course tests. Other topics may include improved discipline and communication, attendance, how brain development affects children’s behavior and decision-making, parenting a special needs child, seven smart strategies parents can use for immediate school success, and preventing use of tobacco, alcohol, and drugs.
- Federal programs staff will work with staffs to ensure parents receive information in multiple ways such as website, distribution of flyers, Shoutpoint, texts, phone calls, and marquee posts, and that information is in a language and format parents can understand.
- Principals and their leadership teams will receive training to learn strategies to increase parent and family engagement, (to include training on the importance of the six “Shalls,”), to plan activities for parents and families throughout the 2025-2026 school year, and to discuss ways to improve communication between the school and families/community.

Coordination of Services

RCSS will coordinate with other organizations, businesses, and community partners to provide additional supports and resources to families such as public programs or organizations to help students transition to middle, high, and postsecondary schools or careers.

1. Providing support from the Office of Federal Programs
2. Providing parents’ access to the district parent centers and local school centers.
3. Extending flexible operating hours to accommodate the needs of the community, parents and stakeholders.
4. Ensuring residential facilities (Homeless, Foster care, and N&D) in the school’s attendance areas are included in parent and family engagement correspondence and activities
5. Ensuring allocations and equitable services for participating private schools with eligible Title I students

Accessibility

In carrying out the parent and family engagement requirements established by Section 1116 of the ESSA, the Title I director will communicate and collaborate with student services, Title III, special education, and curriculum offices to ensure full opportunities for participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children including providing of information and school reports in a language parents can understand.

Adoption

This districtwide parent and family engagement plan has been developed jointly and agreed upon with parents and family members of children participating in Title I, Part A programs as evidenced by the collaboration of parents, school, and district personnel through parent meetings and survey.

This plan was adopted by the Richmond County School System on June 16, 2025 and will be in effect for the 2025-2026 academic school year. The school district will distribute this plan in multiple ways to all parents of participating Title I, Part A children on or before October 31, 2025.
