

What is a School-Parent Compact?

A School-Parent Compact is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

Effective compacts:

- Link to goals of the school improvement plan;
- Focus on student learning objectives;
- Describe how teachers will help students develop those skills via high-quality instruction;
- Share strategies parents can use at home;
- Explain how teachers and parents will communicate about student progress;
- Describe opportunities for parents to volunteer, observe, and participate in the classroom.

Jointly Developed

The parents, students, and staff of Jenkins-White, developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies and supports, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact and make changes based on student needs.

If you would like to volunteer or participate in any parent programs, please contact the school.

We are committed to helping our parents help their children. We have provided dynamic schedule of parent workshops that highlight content assistance for parents that can be used at home with their children. Please see our school's parent workshop calendar listed in our Parental Involvement Policy.

We will see you soon!

Communicating about Student Learning

Do you have questions about your child's progress?

Jenkins White ES is committed to frequent two-way communication with families about students' learning. Some of the ways you can expect us to reach you are:

Emails
Robo Calls
Letters
Social Media
Newsletters
Website
Telephone

Contact your child's teacher by phone at (706) 737-7266 or email. Email addresses are on the school website.

Parents are welcome to contribute comments at any time.

School-Parent Compact for Achievement 2023-2024

Our Goals for Student Achievement

Richmond County School System's Goals

During the 2023-2024 school year...

**we will utilize technology and the RCSS Instructional Framework to increase academic achievement across all tested content areas by 3 percent.*
**through our Induction Support Program, we will increase the percentage of highly effective teachers and leaders retained in the RCSS by 3 percent.*
**we will increase the graduation rate from 73.77% to 75% by a continued focus on the strategy map and working to produce graduates that meets the RCSS's Profile of a Graduate.*

Jenkins-White Elementary School's Goals

During the 2023-2024 school year...

**JWES will increase through differentiated professional learning, teachers will have multiple opportunities to improve their instructional systems by May 2024, as measured by 5% increases in TKES performance standards at Level III: Instructional Planning (58% to 63%) and Instructional Strategies (75% to 80%).*
At least 5% (from 317 to 301) of our students will respond to our tiered intervention supports for behavior and SEL as evidenced by our office referrals and spotlight data analysis during the 2023-2024 school year 75% to 80%.
By May 2024, the percentage of students that score within the grade level stretch band on Georgia Milestones Assessment will increase by 3 percent. To include 3rd grade 12.4 to 15.4, 4th grade 14.4 to 17.4 and 5th grade 21.25 to 24.25

Reading focus:

(K-5) – Read with fluency and comprehension

Mathematics focus:

(K-5) - Solve mathematics word problems using addition, subtraction, multiplication,

Teachers, Parents, and Students – Together for Success

As a School, We Will...

The teachers will work with students and their families to support students' success in all content areas. Some of our key connections with families will be:

- Help students count quantities of objects, compare sets of objects and represent quantities within numerals of 20.
- Retell stories, by identifying characters/settings.
- Assist students in understanding addition and subtraction and strategies for addition and subtraction within 20.
- Assist students in reading with purpose and expression.
- Provide students with an understanding of multiplication and division strategies for multiplication and division within 100.
- Help students use root words, prefixes and suffixes to figure out the meaning of unknown words.

As a Parent/Guardian, I Will...

Jenkins-White Elementary parents have been invited to develop ideas about how families can support students' success in all content areas. Families may have other ideas to add to this list.

- I will help my child practice counting objects around the house up to 20.
- I will help my child read with purpose and expression.
- I will help my child practice addition, subtraction, multiplication and division facts.
- I will help my child memorize multiplication and division facts by using flash cards.
- I will help my child use root words, prefixes and suffixes to figure out the meaning of unknown words.

As a Student, I Will...

Jenkins-White Elementary students joined with staff and parents to develop ideas about how they can succeed in school and reach goals in all content areas. Students thought of the following ideas to make connections between learning at home and school:

- Practice counting objects around the house up to 20.
- Practice reading with purpose and expression.
- Practice addition, subtraction, multiplication and division facts.
- Memorize multiplication and division facts by using flash cards.
- Use root words, prefixes and suffixes to figure out the meaning of unknown words at home.
