

Hello students, parents, and family

Welcome back, and I hope you had a good summer. My name is Robert L. Jones and I am very excited about being able to collaborate together as this year school counselor at Willis Foreman to help with preparing our children for success. I know that there has been so many obstacles that we have had to overcome this 2020 year, but we are going stay optimistic that we will persevere and continue to overcome this pandemic.

A little background about myself: I graduate with a Bachelor in Business Management from Augusta State University in 2008 and earned a Master in Science in Psychology and Counseling in 2011. I've worked as License Professional Counselor with children in the community for many years, and have a passion for helping families in the community. I believe in the concept that "It takes a village to raise a child", and here at Willis Foreman I like the idea that we are a part of that village along with you. Again Welcome and look forward to meeting each and every last one of you.

Peace and Mind

Robert L. Jones, MS, LPC, CPCS
