

A world map with a color gradient representing climate zones. The colors range from dark blue (polar regions) to red and yellow (tropical regions).

Jones's Guide to the Galaxy: Chapter 13

Week at a Glance: April 12, 2021

CLIMATE

Dear Parents!

This Week at a Glance (WAG) is designed to give parents a brief idea of what their child is learning at school. It will have the subject standards (Georgia Standards of Excellence), the main topics covered, vocab, and review resources.

We encourage parents and students to review this presentation together and stay informed on the weekly learning objectives.

Mr. R. Jones

Jonesri2@boe.richmond.k12.ga.us

Jones's Guide to Learning Targets

S6E6c. Construct an argument evaluating contributions to the rise in global temperatures over the past century.

S6E6a. Ask questions to determine the differences between renewable/sustainable energy resources

S6E5g. Construct an argument using maps and data collected to support a claim of how fossils show evidence of the changing surface and climate of the Earth.

Vocabulary

Unit 3: Weather & Climate

Chapter 13: Climate

- Atmosphere
 - Water vapor
 - Troposphere
 - Stratosphere
 - Ozone layer
 - Ionosphere
 - Radiation
 - Conduction
 - Convection
 - Stability
 - Temperature inversion
 - Wind
 - Trade winds
 - Westerlies
 - Polar Easterlies
 - Jet Stream
 - Sea Breeze
 - Land Breeze
 - Air Pollution
 - Acid Precipitation
 - Photochemical smog
 - Particulate matter
