

Meet

Mr. Reddick

Welcome

Welcome to the 2021-22 school year! We will embark on an amazing journey together. We have so much planned, and I can't wait to get to know you and your family.

About Me

I was born and raised right here in Augusta and went on to attend Augusta University. I have one beautiful daughter and I love sports and nature.

I'm at the start of my teaching career but eager to build relationships and educate the youth. I love Egyptology and learning about the ancient world. I tend to have a laid-back demeanor and a calm spirit.
