Early Intervention Program Program Notification Form (Placement)

Date: _____

Teacher/Grade: _____

Parent Name: _____

Student Name: _____

Dear Parent:

The Richmond County School System believes that educators should have high expectations for all children. It is our responsibility to help students achieve the academic goals of performing at or above grade level in all subject areas. Children come to school at different stages of development and do not all learn at the same rate or with the same methods of teaching. Because of their differences, most children learn best when they are in small groups and have access to materials and activities which are adjusted to their pace and style of learning.

Your child has been identified to receive additional assistance in reading and/or math through the Early Intervention Program (EIP). Your child's teacher has been selected to provide early intervention services in a Georgia Department of Education approved Innovative Model. In this program, your child's teacher will provide supplementary instruction based on the needs of each student. They will be using the research based intervention resources, 95% Group Inc. in reading and Connections (K-2)/Moving with Math (Grades 3-5) in mathematics. Please review the presentation on the parent tab of the school's website at www.rcboe.org/copeland for information regarding this opportunity. If you have any questions, please call the Early Intervention Program Specialist below.

Dr. Laurie P. Taylor
Principal
