

What is a School-Parent Compact?

The school-compact is an agreement that parents, students, teachers, and stakeholders develop together. It explains how parents and teachers work together to ensure all students receive the individual support they need to reach and exceed grade-level standards.

Jointly Developed

We at Josey feel very grateful to have developed this School-compact for achievement with the input of parents, students, and staff. Grade-level teachers suggested home learning strategies, parents shared specific concerns on increasing parental involvement as well as strategies that would assist their child, and students shared what would help them learn.

Teachers, Parents, and Students—Together for Success

School Commitment:

In the classroom, we will

- Provide opportunities for parents to become actively involved in the learning process through Family Curriculum night, GMAS night, volunteer training, and other events
- Prepare students to be college and career ready.
- Provide a safe and nurturing learning environment that is conducive to learning.
- Differentiate instruction to meet the needs of all students.
- Teaching our students to use technology as a resource for learning.

Commitment

When you make a firm commitment to achieve a particular goal, and you put aside all excuses, it is very much like stepping on the accelerator of your subconscious mind. You will be more creative, determined, and focused than ever before. Great men and women are those who make clear, unequivocal commitments and then refuse to budge from them, no matter what happens.

—Earl Nightingale
