

The **Georgia Parent Survey** was developed to measure parent perceptions of school climate at their child's school. Parents may complete the survey using their personal computer, smartphone or tablet. All parents are encouraged to participate in the Georgia Parent Survey because the data will be used as part of the calculation of the **School Climate Star Rating**. Survey responses are anonymous and will be submitted directly to the Georgia Department of Education for analysis. The Georgia Parent Survey is also available in Spanish. Parents may select the Spanish version within the survey. Results from the Georgia Parent Survey will not be available to the public and will not be posted online. The Georgia Parent Survey link is posted below.
