

Meet the TEACHER

Ms. McNear

THE BASICS!

I was born in Augusta, Georgia. I graduated from Augusta Technical College in 2021 and the University of Phoenix in 2023. I am a product of the Richmond County School System, and I am excited to teach for the County. I have a big family. I have three children in elementary school and three children in high school. I love to teach. It has always been my passion since I was in kindergarten. My other passions include writing poetry and drawing.

MY CHILDHOOD!

When I was in school, I had two favorite subjects. My first favorite was math. I use to love to compete with others doing math problems and playing the game around the world. My second favorite subject was reading. I used to love reading Junie B. books and receiving pizza hut coupons for reading so many books.

MY FAVORITES!

Food: Japanese
Movie: Matilda
