Overview of the Spanish 2 Course

Spanish 2 is a course designed to help students to develop reading, writing, listening, and speaking skills in Spanish and to expose the student to the distinct cultures of the Spanish speaking world. There is an emphasis on grammatical concepts and structures that include the preterit tense, object pronouns, comparative and superlative forms, stem-changing verbs, and reflexive verbs. A wide variety of activities will be used to motivate and challenge each student to apply concepts learned.
