

HELLO! I'm Ms. Ivery

About me

I'm a creative and curious individual with a passion for exploring new things. With several years of experience teaching science, I strive to create a classroom where curiosity leads the way. I value open communication, strong relationships, and helping students build the confidence and skills they'll need in high school and beyond. Outside the classroom, I love cheering on my students in everything they do—from extracurriculars to Quinceañeras, sports, and school dances. Once you're one of my students, you're family.

My Favorites:

- 90s R&B
- Beach girly
- Fun socks
- Cheetos Puffs & Peanut M&Ms

Fun Facts:

I love reading new books and watching movies in my free time. I also enjoy traveling and spending time with my family.
