Mrs. Pisco

About Me

Welcome to the Health Care Science track! I am Mrs. Pisco and I am so excited about being your teacher this school year. This is my first year teaching and I have about 6 years of medical experience and almost 5 years working with youth. I have my Bachelor's Degree in Exercise Science with a minor in Management. If I'm not at school, then I am either with my family, traveling to enjoy God's creation, or doing something athletic outdoors. You can also find me in the kitchen because I love to cook and try out new food.

Fun Facts

- * I have two adorable girls and a Peruvian husband
- * I am a Spanish Speaker
- * I love kayaking, playing tennis and basketball.
