

BOYD'S FIFTH GRADE

NEWS

November Edition

New Beginnings!!!

I am excited to announce two new avenues to 5th grade Mathematics.

Tutoring

I will begin offering tutoring to students on Wednesday afternoons from 3:30-4:30. Please check your student's binder for the permission form to complete if you are interested in your student taking advantage of this opportunity.

Goshen Math Team

We will begin recruiting students to join the Goshen school wide Math team. The students will be selected based on their current Math performance as well as their displayed potential. Please be on the lookout for permission forms coming home for your student's participation.

Behavior Celebrations

The 5th grade teachers have made it a common practice to focus on positive behavior rather than the negative. As a result of that practice, we award students monthly for positive behavior. All students that earn a 90 or above for the month, will be invited to the behavior celebration for that month.

Please make sure you are reviewing and signing your child's conduct sheets every week. Please have conversations with your child about positive behavior expectations at home.
