All About Me

Hello Musketeers!

My name is Ms. McKinney, and I am your new library media specialist! Although I am new to the area, this is my 15th year as an educator. The first seven years of my career was spent as an English teacher; and, this is my 8th year as a library media specialist. I decided to become a media specialist because it gives me the platform to influence student learning in all subject areas by cultivating critical thinking and independent discovery.
