Greetings Parents!

We are so excited to offer the IB-PYP Curriculum Framework at Copeland Elementary. We have much to celebrate as a recently authorized IB World School!

Our students and faculty internalize and demonstrate the Learner Profile Attributes and Attitudes while engaging in integrated, inquiry-based learning experiences.

We are enthusiastic about serving the students and families of this unique community. Collectively, we will strengthen our bonds as we prepare students to be **open-minded inquirers** and **knowledgeable internationally minded communicators**.

Students at Copeland Elementary are confident to **take risks** in the face of academic and social challenges in a **caring, balanced, and principled** manner.

I am proud to serve the students and families of Copeland Elementary!

Tonya Cogle, Interim Principal

The Learner Profile

Visit the following website to learn more about IB-PYP:

<http://www.ibo.org/programmes/primary-years-programme/>

Students will use concept-based, engaging, inquiry-based activities to investigate the six transdisciplinary themes or units of inquiry.

- Who We Are
- Where We Are In Place and Time
- How We Organize Ourselves
- How the World Works
- Sharing the Planet
- How We Express Ourselves

There are four key components or essential elements to the IB-PYP framework:

- **Attitudes**– There are twelve attitudes, which lend themselves to the learner profile that we want students to value and exhibit.
- **Knowledge**- There are six transdisciplinary themes students will investigate throughout the school year.
- **Key Concepts**- There are eight key concepts that students will engage in throughout the school year.
- **Skills**- There are essential skills that students will gain throughout this journey.
- **Action**- Students will be encouraged to take action through inquiry.
