

# Comprehensive Needs Assessment 2024 - 2025 School Report

Richmond County  
Laney High School

## 1. PLANNING AND PREPARATION

### 1.1 Identification of Team

The comprehensive needs assessment team consists of people who are responsible for working collaboratively throughout the needs assessment process. Ideal team members possess knowledge of programs, the capacity to plan and implement the needs assessment, and the ability to ensure stakeholder involvement. A required team member's name may be duplicated when multiple roles are performed by the same person. Documentation of team member involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

#### Leadership Team

	Position/Role	Name
Team Member # 1	Principal	Dr. Cordaryl C. Middleton
Team Member # 2	Assistant Principal	Mrs. Carlote Fields
Team Member # 3	Instructional Specialist	Ms. Tomika Briscoe
Team Member # 4	Instructional Specialist	Ms. Crystal Blanchard
Team Member # 5	Media Specialist	Ms. Jessica Hill
Team Member # 6		
Team Member # 7		

#### Additional Leadership Team

	Position/Role	Name
Team Member # 1		
Team Member # 2		
Team Member # 3		
Team Member # 4		
Team Member # 5		
Team Member # 6		
Team Member # 7		
Team Member # 8		
Team Member # 9		
Team Member # 10		

1. PLANNING AND PREPARATION

1.2 Identification of Stakeholders

Stakeholders are those individuals with valuable experiences and perspective who will provide the team with important input, feedback, and guidance. Required stakeholders must be engaged in the process to meet the requirements of participating federal programs. Documentation of stakeholder involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

Stakeholders

	Position/Role	Name
Stakeholder # 1	Parent	Ms. Deidre Robinson
Stakeholder # 2	Alumni	Dr. Curtis Briscoe
Stakeholder # 3	Alumni	Ms. Sherrill Dunn
Stakeholder # 4	Parent	Ms. Ivette Van de Kust-Landus
Stakeholder # 5		
Stakeholder # 6		
Stakeholder # 7		
Stakeholder # 8		

How will the team ensure that stakeholders, and in particular parents and/or guardians, were able to provide meaningful input into the needs assessment process?	Stakeholders will be presented with the School Improvement Plan for the 2024-2025 school year for review and will have an opportunity to provide feedback through a Microsoft Form.
--	---

## 2. DATA COLLECTION ANALYSIS

### 2.1 Coherent Instructional System

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of instructional needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Coherent Instructional System webinar](#) for additional information and guidance.

#### Coherent Instruction Data

Curriculum Standard 1 -Uses systematic, collaborative planning processes so that teachers share an understanding of expectations for standards, curriculum, assessment, and instruction		
1. Exemplary	<p>A systematic, collaborative process is used proactively for curriculum planning.</p> <p>Nearly all teachers or groups of teachers, support staff, and leaders within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	
2. Operational	<p>A systematic, collaborative process is used regularly for curriculum planning.</p> <p>Most teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	
3. Emerging	<p>A collaborative process is used occasionally for curriculum planning.</p> <p>Some teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	✓
4. Not Evident	<p>A collaborative process is rarely, if ever, used for curriculum planning.</p> <p>Few, if any, teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	

## Coherent Instruction Data

Curriculum Standard 2 -Designs curriculum documents and aligns resources with the intended rigor of the required standards		
1. Exemplary	<p>Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope, and sequence documents, guides) that are aligned with the intended rigor of the required standards are the products of a systematic, collaborative process.</p> <p>These curriculum documents and resources are used and continuously revised by teachers and support staff to ensure an alignment with the intended, taught, and tested standards.</p>	
2. Operational	<p>Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope and sequence documents, guides) have been designed, and resources are aligned with the intended rigor of the required standards.</p> <p>These curriculum documents and resources guide the work of teachers and instructional support staff.</p>	
3. Emerging	Curriculum documents and resources exist, but they are not complete in all content areas or grade levels or lack the intended rigor of the required standards.	✓
4. Not Evident	Few, if any, curriculum documents and resources exist to support the implementation of the intended rigor of the required standards.	

Instruction Standard 1 -Provides a supportive and well -managed environment conducive to learning		
1. Exemplary	<p>A supportive and well-managed environment conducive to learning is evident throughout the school.</p> <p>Students consistently stay on-task and take responsibility for their own actions.</p>	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	✓
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

## Coherent Instruction Data

Instruction Standard 2 -Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	
3. Emerging	Some teachers create an academically challenging learning environment.	✓
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 3 -Establishes and communicates clear learning targets and success criteria aligned to curriculum standards		
1. Exemplary	Nearly all teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards. Learning targets are evident throughout the lesson and in student work. Articulation of the learning targets is consistent and pervasive among like content areas and grade levels.	
2. Operational	Most teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.  Learning targets are evident throughout the lesson and in student work.	
3. Emerging	Some teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	✓
4. Not Evident	Few, if any teachers establish clear learning targets and success criteria aligned to the required curriculum standards.	

## Coherent Instruction Data

Instruction Standard 4 -Uses research based instructional practices that positively impact student learning		
1. Exemplary	Nearly all teachers pervasively demonstrate a repertoire of highly effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
2. Operational	Most teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
3. Emerging	Some teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	✓
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 5 -Differentiates instruction to meet specific learning needs of students		
1. Exemplary	<p>Nearly all teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.</p> <p>Nearly all teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).</p> <p>Remediation, enrichment, and acceleration are pervasive practices.</p>	
2. Operational	<p>Most teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.</p> <p>Most teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).</p>	
3. Emerging	Some teachers differentiate instruction to meet the specific learning needs of students.	
4. Not Evident	Few, if any, teachers differentiate instruction to meet the specific learning needs of students.	✓

## Coherent Instruction Data

Instruction Standard 6 -Uses appropriate, current technology to enhance learning		
1. Exemplary	The use by staff members and students of appropriate, current technology to enhance learning is an institutional practice (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
2. Operational	Most staff members and students use appropriate, current technology to enhance learning (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
3. Emerging	Some staff members, students, or both use appropriate, current technology to enhance learning.	✓
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 7 -Provides feedback to students on their performance on the standards or learning targets		
1. Exemplary	Nearly all teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.  Nearly all teachers systematically elicit diagnostic information from individual students regarding their understanding of the standards or learning targets.	
2. Operational	Most teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.	
3. Emerging	Some teachers use the language of the standards or learning targets to provide students with specific, descriptive feedback on their performance.	
4. Not Evident	Few, if any, teachers use the language of the standards or learning targets to provide students with feedback on their performance, or the feedback that is provided is not specific, timely, or understandable.	✓

Instruction Standard 8 -Establishes a learning environment that empowers students to actively monitor their own progress		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.  Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	
3. Emerging	Some students use tools to actively monitor their own progress.	
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	✓

## Coherent Instruction Data

Instruction Standard 9 -Provides timely, systematic, data -driven interventions		
1. Exemplary	Nearly all students are provided timely, systematic, data-driven interventions to support their learning needs.  Interventions are designed to meet the needs of each student. The effectiveness of those interventions is consistently monitored and adjustments are made.	
2. Operational	Most students are provided timely, systematic, data-driven interventions to support their learning needs.	
3. Emerging	Some students are provided extra assistance or needed support in a timely manner.	
4. Not Evident	Few, if any, students are provided extra assistance or effective support in a timely manner.	✓

Assessment Standard 1 -Aligns assessments with the required curriculum standards		
1. Exemplary	Nearly all assessments are aligned with the required curriculum standards. Assessments are reviewed during the school year to ensure alignment.	
2. Operational	Most assessments are aligned with the required curriculum standards.	
3. Emerging	Some assessments are aligned with the required curriculum standards.	✓
4. Not Evident	Few, if any, assessments are aligned with the required curriculum standards.	

Assessment Standard 3 -Uses common assessments aligned with the required standards to monitor student progress, inform instruction, and improve teacher practices		
1. Exemplary	Teachers consistently use common assessments aligned with the required standards in nearly all content areas, grade levels, or both for diagnostic, summative, and formative purposes.  The data from the common assessments are analyzed down to the item level, and the results are used to inform instruction and improve teacher practices.	
2. Operational	Teachers use common assessments aligned with the required standards in most content areas to monitor student progress, inform instruction, and improve teacher practices.	
3. Emerging	Teachers use some common assessments aligned with the required standards in a few content areas with a limited amount of data analysis to monitor student progress, inform instruction, or improve teacher practices.	✓
4. Not Evident	Teachers use few, if any, common assessments to monitor student progress, inform instruction, or improve teacher practices.	

## Coherent Instruction Data

Assessment Standard 4 -Implements a process to collaboratively analyze assessment results to adjust instruction		
1. Exemplary	Teachers extensively use a systematic, collaborative process to analyze assessment results. Instruction is consistently adjusted based on the analysis of assessment results across all content areas, grade levels, or both.	
2. Operational	Teachers regularly use a collaborative process to analyze assessment results. Instruction is routinely adjusted based on the analysis of assessment results.	
3. Emerging	Teachers occasionally use a collaborative process to analyze assessment results. Instruction is sometimes adjusted based on the analysis of assessment results.	
4. Not Evident	A collaborative process to analyze assessment results does not exist. Instruction is rarely, if ever, adjusted based on the analysis of assessment results.	✓

Assessment Standard 5 -Implements grading practices that provide an accurate indication of student progress on the required standards		
1. Exemplary	The grading practices used by teachers across nearly all content areas, grade levels, or both, consistently provide an accurate indication of student progress on the required standards.	
2. Operational	The grading practices used by teachers in most content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	
3. Emerging	The grading practices used by teachers in some content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	
4. Not Evident	The grading practices used by teachers rarely, if ever, provide an accurate indication of student progress on the required standards.	✓

## 2. DATA COLLECTION ANALYSIS

### 2.2 Effective Leadership

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of leadership needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Effective Leadership webinar](#) for additional information and guidance.

#### Effective Leadership Data

Leadership Standard 1 -Builds and sustains relationships to foster the success of students and staff		
1. Exemplary	Administrators consistently build and sustain relationships to foster the success of students and staff.  The school staff is fully engaged in relationship building through collaboration, internal and external communication, and building trust with staff, students, families, and community stakeholders.	
2. Operational	Administrators regularly build and sustain relationships to foster the success of students and staff.	✓
3. Emerging	Administrators sometimes build relationships to foster the success of students and staff.	
4. Not Evident	Administrators seldom, if ever, build relationships to foster the success of students and staff.	

Leadership Standard 2 -Initiates and manages change to improve staff performance and student learning		
1. Exemplary	Administrators, the school leadership team, and other teacher leaders initiate and sustain change to improve staff performance and student learning.  Administrators, the school leadership team, and other teacher leaders create a sense of urgency for change and effectively communicate a common vision.	
2. Operational	Administrators and the school leadership team initiate and sustain change to improve staff performance and student learning.  The principal provides an appropriate balance of pressure and support to manage the change process for desired results.	
3. Emerging	Administrators initiate change to improve staff performance and student learning but do not sustain the change, remove barriers, or both.	✓
4. Not Evident	Administrators initiate few, if any, changes that impact staff performance and student learning.	

## Effective Leadership Data

Leadership Standard 3 -Uses systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices		
1. Exemplary	<p>The principal and other school leaders continually use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.</p> <p>The principal and other school leaders have a comprehensive knowledge and understanding of the best practices for curriculum, assessment, instruction, and professional learning.</p>	
2. Operational	The principal and other school leaders often use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	
3. Emerging	The principal and other school leaders occasionally use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	✓
4. Not Evident	The principal and other school leaders rarely, if ever, use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	

Leadership Standard 4 -Uses processes to systematically analyze data to improve student achievement		
1. Exemplary	Extensive, comprehensive processes, including root cause analysis, are used consistently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
2. Operational	Numerous processes are used frequently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
3. Emerging	Some processes are in place and used occasionally to analyze data to improve student achievement.	✓
4. Not Evident	Few, if any, processes are in place to analyze data to improve student achievement.	

Leadership Standard 5 -Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	<p>Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.</p> <p>Administrators collaborate consistently with staff members to gather input.</p>	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	✓
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

## Effective Leadership Data

Leadership Standard 6 -Establishes and supports a data-driven school leadership team that is focused on student learning		
1. Exemplary	<p>A highly effective, proactive, and data-driven school leadership team is focused on student learning.</p> <p>The leadership team addresses nearly all areas of student and staff learning and school leadership, including the development, implementation, and regular monitoring of the school improvement plan.</p>	
2. Operational	<p>A data-driven school leadership team is established with stakeholder representation (e.g., core and non-core teachers, certified support staff) and is focused on student learning.</p> <p>The school leadership team meets regularly and uses norms and protocols to work effectively and efficiently.</p>	✓
3. Emerging	The school leadership team is established and has some stakeholder representation but is focused chiefly on school operations rather than student learning.	
4. Not Evident	A school leadership team does not exist or does not have adequate stakeholder representation.	

## Effective Leadership Data

Leadership Standard 7 -Monitors and evaluates the performance of teachers and other staff using multiple data sources		
1. Exemplary	<p>Monitoring the performance of teachers and other staff through observations, surveys, data, and documentation is consistent and comprehensive, resulting in highly accurate performance evaluations.</p> <p>A comprehensive system is in place to provide teachers and staff with ongoing, accurate, timely, detailed, descriptive feedback related to their performance.</p> <p>Administrators use the evaluation process to identify role models, teacher leaders, or both.</p>	
2. Operational	<p>Monitoring the performance of teachers and other staff regularly occurs using data or documentation, generally resulting in accurate performance evaluations.</p> <p>Teachers and staff receive accurate, timely, descriptive feedback related to their performance.</p>	
3. Emerging	<p>Monitoring the performance of teachers and other staff is inconsistent, incomplete, or lacks data or documentation, sometimes resulting in inaccurate performance evaluations.</p> <p>Teachers and staff receive some descriptive feedback related to their performance.</p>	✓
4. Not Evident	<p>Monitoring the performance of teachers and other staff rarely occurs or often results in inaccurate performance evaluations.</p> <p>Teachers and staff receive little or no descriptive feedback related to their performance.</p>	

Leadership Standard 8 -Provides ongoing support to teachers and other staff		
1. Exemplary	A comprehensive support system that is timely and targeted to individual needs is provided to teachers and other staff.	
2. Operational	Most support provided to teachers and other staff is targeted to individual needs.	✓
3. Emerging	Some support provided to teachers and staff is targeted to individual needs.	
4. Not Evident	Support to teachers and staff does not exist or is not targeted to individual needs.	

## Effective Leadership Data

Planning and Organization Standard 1 -Shares a common vision and mission that define the school culture and guide the continuous improvement process		
1. Exemplary	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	
2. Operational	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	✓
3. Emerging	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.	
4. Not Evident	A common vision and mission have not been developed or updated or have been developed by a few staff members.	

Planning and Organization Standard 2 -Uses a data-driven and consensus-oriented process to develop and implement a school improvement plan that is focused on student performance		
1. Exemplary	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from nearly all stakeholders.</p> <p>The plan includes appropriate goals and strategies with a strong focus on increasing student performance.</p> <p>This process and plan consistently guide the work of the school staff.</p>	
2. Operational	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from most plan stakeholders.</p> <p>The plan includes appropriate goals and strategies with a focus on increasing student performance.</p>	✓
3. Emerging	<p>A school improvement plan has been developed with input from some stakeholders.</p> <p>The school improvement plan is based on incomplete data analysis with limited focus on student performance.</p>	
4. Not Evident	An up-to-date, data-driven school improvement plan focused on student performance is not in place.	

## Effective Leadership Data

Planning and Organization Standard 3 -Monitors implementation of the school improvement plan and makes adjustments as needed		
1. Exemplary	<p>The goals and strategies of the school improvement plan are continually monitored by administrators, the school leadership team, and teacher leaders to evaluate the impact on student performance.</p> <p>Ongoing adjustments are made based on various performance, process, and perception data.</p>	
2. Operational	<p>he goals and strategies of the school improvement plan are regularly monitored by administrators and the school leadership team to evaluate the impact on student performance.</p> <p>Adjustments are made to the plan, as needed, based on the analysis of data.</p>	
3. Emerging	The goals and strategies of the school improvement plan are occasionally monitored by administrators.	✓
4. Not Evident	The goals and strategies of the school improvement plan are rarely, if ever, monitored.	

Planning and Organization Standard 4 -Monitors the use of available resources to support continuous improvement		
1. Exemplary	<p>The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is consistently monitored.</p> <p>School schedules and processes are designed to make effective use of personnel, time, materials, and equipment.</p>	
2. Operational	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is frequently monitored.	✓
3. Emerging	The use of available resources to support continuous improvement is inconsistently monitored.	
4. Not Evident	The use of available resources to support continuous improvement is rarely, if ever, monitored.	

## Effective Leadership Data

Planning and Organization Standard 5 -Develops, communicates, and implements rules, policies, schedules, and procedures to maximize student learning and staff effectiveness		
1. Exemplary	<p>Rules, policies, schedules, and procedures are developed with stakeholder input, effectively communicated, and consistently implemented throughout the school to maximize student learning and staff effectiveness.</p> <p>These rules, policies, schedules, and procedures are consistently reviewed and revised as needed.</p>	
2. Operational	<p>Rules, policies, schedules, and procedures are developed, communicated, and implemented throughout the school to maximize student learning and staff effectiveness.</p> <p>These rules, policies, schedules, and procedures are periodically reviewed and systematically revised as needed.</p>	✓
3. Emerging	Rules, policies, schedules, and procedures are developed but are not effectively communicated or are implemented inconsistently across the school.	
4. Not Evident	<p>Rules, policies, or procedures are not developed, are poorly communicated, or are ineffectively implemented.</p> <p>In some cases, rules, policies, schedules, or procedures are out of date or have become barriers to student learning or staff effectiveness.</p>	

## Effective Leadership Data

Planning and Organization Standard 6 -Uses protocols to maintain the school campus and equipment providing a safe, clean, and inviting learning environment		
1. Exemplary	<p>Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used extensively to maintain the school campus and equipment providing a safe, clean, and inviting learning environment.</p> <p>A proactive maintenance process is in place, and repairs are completed in a satisfactory and timely manner, when needed.</p>	
2. Operational	<p>Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used to maintain the school campus and equipment providing a safe, clean, and inviting learning environment.</p> <p>The school and campus are clean, well-maintained, inviting, and safe.</p>	✓
3. Emerging	<p>Protocols are sometimes used to maintain the school campus and equipment.</p> <p>The school and campus are partially clean, maintained, and inviting, but some safety issues exist.</p>	
4. Not Evident	<p>Protocols do not exist or are rarely, if ever, used to maintain the school campus and equipment.</p> <p>The school and campus are not clean, maintained, or inviting, and safety issues exist.</p>	

## 2. DATA COLLECTION ANALYSIS

### 2.3 Professional Capacity

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of professional capacity needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Professional Capacity webinar](#) for additional information and guidance.

#### Professional Capacity Data

Leadership Standard 5 -Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.  Administrators collaborate consistently with staff members to gather input.	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	✓
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Professional Learning Standard 1 -Aligns professional learning with needs identified through analysis of a variety of data		
1. Exemplary	Professional learning needs are identified and differentiated through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).  Ongoing support is provided through differentiated professional learning.	
2. Operational	Professional learning needs are identified through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).	
3. Emerging	Professional learning needs are identified using limited sources of data.	✓
4. Not Evident	Professional learning needs are identified using little or no data.	

## Professional Capacity Data

Professional Learning Standard 2 -Establishes a culture of collaboration among administrators and staff to enhance individual and collective performance		
1. Exemplary	Administrators and staff, as a foundational practice, consistently collaborate to support leadership and personal accountability and to enhance individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).  Teachers conduct action research and assume ownership of professional learning processes.	
2. Operational	Administrators and staff routinely collaborate to improve individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).	
3. Emerging	Administrators and staff sometimes collaborate to improve individual and collective performance.	✓
4. Not Evident	Administrators and staff rarely collaborate to improve individual and collective performance.	

Professional Learning Standard 3 -Defines expectations for implementing professional learning		
1. Exemplary	Administrators, teacher leaders, or both consistently define expectations for the implementation of professional learning, including details regarding the stages of implementation and how monitoring will occur as implementation progresses.	
2. Operational	Administrators, teacher leaders, or both regularly define expectations for the implementation of professional learning.	
3. Emerging	Administrators, teacher leaders, or both occasionally define expectations for the implementation of professional learning.	✓
4. Not Evident	Administrators, teacher leaders, or both rarely, if ever, define expectations for the implementation of professional learning.	

## Professional Capacity Data

Professional Learning Standard 4 -Uses multiple professional learning designs to support the various learning needs of the staff		
1. Exemplary	<p>Staff members actively participate in job-embedded professional learning that engages collaborative teams in a variety of appropriate learning designs (e.g., collaborative lesson study, analysis of student work, problem solving sessions, curriculum development, coursework, action research, classroom observations, online networks).</p> <p>Professional learning includes extensive follow-up with descriptive feedback and coaching.</p>	
2. Operational	<p>Staff members actively participate in professional learning, most of which is job-embedded, which includes multiple designs (e.g., collaborative lesson study, analysis of student work, problem-solving sessions, curriculum development, coursework, action research, classroom observations, online networks) to support their various learning needs.</p> <p>Professional learning includes follow-up with feedback and coaching.</p>	
3. Emerging	Some staff members are engaged in professional learning that makes use of more than one learning design to address their identified needs.	✓
4. Not Evident	Staff members receive single, stand-alone professional learning events that are informational and mostly large-group presentation designs.	

Professional Learning Standard 5 -Allocates resources and establishes systems to support and sustain effective professional learning		
1. Exemplary	<p>Extensive resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are allocated to support and sustain effective professional learning.</p> <p>Opportunities to practice skills, receive follow-up, feedback, and coaching are provided to support the effectiveness of professional learning.</p>	
2. Operational	Adequate resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are in place to support and sustain professional learning.	✓
3. Emerging	Some resources and systems are allocated to support and sustain professional learning.	
4. Not Evident	Few, if any, resources and systems are provided to support and sustain professional learning.	

## Professional Capacity Data

Professional Learning Standard 6 -Monitors and evaluates the impact of professional learning on staff practices and student learning		
1. Exemplary	Monitoring and evaluating the impact of professional learning on staff practices and increases in student learning occurs extensively.  Evaluation results are used to identify and implement processes to extend student learning.	
2. Operational	Monitoring and evaluating the impact of professional learning on staff practices and student learning occurs routinely.	
3. Emerging	Monitoring and evaluating the impact of professional learning on staff practices occurs sporadically.	✓
4. Not Evident	Monitoring and evaluating the impact of professional learning on staff practices occurs rarely, if ever.	

## 2. DATA COLLECTION ANALYSIS

### 2.4 Family and Community Engagement

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to family and community engagement. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Family and Community Engagement webinar](#) for additional information and guidance. Visit Georgia's Family Connection Partnership's [KIDS COUNT](#) for additional data.

#### Family and Community Engagement Data

Family and Community Engagement Standard 1 -Creates an environment that welcomes, encourages, and connects family and community members to the school		
1. Exemplary	The school has a well-established, inviting learning environment that welcomes, encourages, and connects family and community members to the school.  Numerous opportunities are given to family members to become actively engaged in school-related events and improvement efforts as participants, event managers, and workers.	
2. Operational	The school has created an environment that welcomes, encourages, and connects family and community members to the school.	✓
3. Emerging	The school has made some progress toward creating an environment that welcomes, encourages, and connects family and community members to the school.	
4. Not Evident	The school has not created an environment that welcomes, encourages, or connects family and community members to the school.	

Family and Community Engagement Standard 2 -Establishes structures that promote clear and open communication between the school and stakeholders		
1. Exemplary	Extensive structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.  Structures are continuously monitored for reliable and interactive communication.	
2. Operational	Most structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.	✓
3. Emerging	Some structures that promote clear and open communication between the school and stakeholders exist.	
4. Not Evident	Few, if any, structures that promote clear and open communication between the school and stakeholders exist.	

## Family and Community Engagement Data

Family and Community Engagement Standard 3 -Establishes relationships and decision-making processes that build capacity for family and community engagement in the success of students		
1. Exemplary	<p>A wide variety of relationships and collaborative decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services, post-secondary partnerships) are pervasive in promoting student success and well being.</p> <p>Expectations for family and community engagement are embedded in the culture and result in stakeholders being actively involved in decision-making.</p>	
2. Operational	Numerous relationships and decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services) effectively build capacity for family and community engagement in the success of students.	✓
3. Emerging	Limited relationships and decision-making processes have been initiated by the school to build capacity for family and community engagement.	
4. Not Evident	Relationships and decision-making processes for families and the community are non-existent, or those that do exist contribute minimally to student success.	

## Family and Community Engagement Data

Family and Community Engagement Standard 4 -Communicates academic expectations and current student achievement status to families		
1. Exemplary	<p>The school staff provides families with ongoing, detailed academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols).</p> <p>Extensive communication related to the current achievement level of individual students is provided (e.g., progress reports, student-led parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	
2. Operational	<p>The school staff communicates academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols) throughout the year.</p> <p>Regular communication related to the current achievement level of individual students is provided (e.g., progress reports, parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	✓
3. Emerging	<p>The school staff communicates some academic expectations at the start of the year.</p> <p>Some communication related to the current achievement level of individual students is provided.</p>	
4. Not Evident	<p>The school staff does little to inform families of academic expectations.</p> <p>Little, if any, communication related to the current achievement level of individual students is provided.</p>	

Family and Community Engagement Standard 5 -Develops the capacity of families to use support strategies at home that will enhance academic achievement		
1. Exemplary	The school continually develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
2. Operational	The school frequently develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	✓
3. Emerging	The school occasionally develops the capacity of families to use support strategies at home that will enhance academic achievement.	
4. Not Evident	The school seldom, if ever, develops the capacity of families to use support strategies at home that will enhance academic achievement.	

## Family and Community Engagement Data

Family and Community Engagement Standard 6 -Connects families with agencies and resources in the community to meet the needs of students		
1. Exemplary	The school has a systematic process in place to connect families with an array of agencies and resources (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	
2. Operational	The school regularly connects families to agencies and resources in the community (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	✓
3. Emerging	The school sometimes connects families to agencies and resources in the community to meet the needs of students.	
4. Not Evident	The school does little to connect families with agencies and resources in the community to meet the needs of students.	

## 2. DATA COLLECTION ANALYSIS

### 2.5 Supportive Learning Environment

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to a supportive learning environment. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). Student subgroups with a count of less than 15 are denoted by "TFS" (too few students). See the [Supportive Learning Environment webinar](#) for additional information and guidance.

#### Supportive Learning Environment Data

Instruction Standard 1 -Provides a supportive and well-managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school.  Students consistently stay on-task and take responsibility for their own actions.	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	✓
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 -Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	
3. Emerging	Some teachers create an academically challenging learning environment.	✓
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

## Supportive Learning Environment Data

Instruction Standard 8 -Establishes a learning environment that empowers students to actively monitor their own progress		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.  Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	
3. Emerging	Some students use tools to actively monitor their own progress.	✓
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	

School Culture Standard 1 -Develops, communicates, and implements rules, practices, and procedures to maintain a safe, orderly learning environment		
1. Exemplary	Rules, practices, and procedures that maintain a safe, orderly learning environment are proactively developed, communicated, and consistently implemented across the school.  These rules, practices, and procedures are continually monitored and revised as needed.	
2. Operational	Rules, practices, and procedures that maintain a safe, orderly learning environment are developed, communicated, and implemented.	✓
3. Emerging	Rules, practices, and procedures are developed and communicated but are ineffective or inconsistently implemented across the school.	
4. Not Evident	Rules, practices, and procedures that maintain a safe, orderly, learning environment are not developed nor updated or are poorly communicated.	

## Supportive Learning Environment Data

School Culture Standard 2 -Establishes a culture of trust and respect that promotes positive interactions and a sense of community		
1. Exemplary	<p>Extensive evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A pervasive commitment to promoting positive interactions and a sense of community is evident.</p>	
2. Operational	<p>Evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A sustained commitment to promoting positive interactions and a sense of community is evident.</p>	✓
3. Emerging	<p>Some evidence exists that a culture of trust and respect has been established.</p> <p>A limited commitment to promoting positive interactions and a sense of community is evident.</p>	
4. Not Evident	<p>Little or no evidence exists that a culture of trust and respect has been established.</p> <p>Unresolved conflicts interfere with a sense of community.</p>	

School Culture Standard 3 -Establishes a culture that supports the college and career readiness of students		
1. Exemplary	<p>Extensive evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.</p> <p>The school culture supports addressing individual achievement needs and strengths to prepare students for success.</p>	
2. Operational	Evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.	✓
3. Emerging	Some evidence exists that the school supports the college and career readiness of students.	
4. Not Evident	Little or no evidence exists that the school supports the college and career readiness of students.	

## Supportive Learning Environment Data

School Culture Standard 4 -Supports the personal growth and development of students		
1. Exemplary	The school staff consistently provides a comprehensive system of support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to maximize the personal growth and development of nearly all students.	
2. Operational	The school staff regularly provides support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to enhance the personal growth and development of students.	✓
3. Emerging	The school staff sporadically supports the personal growth and development of students.	
4. Not Evident	The school staff does little to support the personal growth and development of students.	

School Culture Standard 5 -Recognizes and celebrates achievements and accomplishments of students and staff		
1. Exemplary	<p>The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff.</p> <p>The celebrations are publicized within the school and to the community and support the culture of the school.</p>	
2. Operational	The school community regularly recognizes and celebrates the achievements and accomplishments of students and staff.	✓
3. Emerging	The school community periodically recognizes or celebrates the achievements or accomplishments of students and/or staff.	
4. Not Evident	The school community rarely, if ever, recognizes or celebrates the achievements or accomplishments of students or staff.	

## Supportive Learning Environment Data

Planning and Organization Standard 1 -Shares a common vision and mission that define the school culture and guide the continuous improvement process		
1. Exemplary	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	
2. Operational	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	✓
3. Emerging	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.	
4. Not Evident	A common vision and mission have not been developed or updated or have been developed by a few staff members.	

## 2. DATA COLLECTION ANALYSIS

### 2.6 Data Analysis Questions

Analyze the LEA's data and answer the guiding questions to determine existing trends and patterns that support the identification of demographic and financial needs. Student subgroups with a count of less than 15 are denoted by "TFS" (too few students).

<p>What perception data did you use? [examples: student perceptions about school climate issues (health survey, violence, prejudice, bullying, etc.); student/parent perceptions about the effectiveness of programs or interventions; student understanding of relationship of school to career or has an academic plan]</p>	<p>School Climate/Health Survey</p>
<p>What does the perception data tell you? (perception data can describe people's knowledge, attitudes, beliefs, perceptions, competencies; perception data can also answer the question "What do people think they know, believe, or can do?")</p>	<p>Positives:</p> <ul style="list-style-type: none"> <li>• (Questions 2 - 7) Students feel that they have sense of belonging to the school.</li> <li>• (Questions 8 &amp; 14) Students feel that they are treated fair.</li> <li>• (Questions 17 &amp; 18) Students perceive to that classrooms are clean and organized with updated material.</li> <li>• (Question 57) Students believe we have set a high expectation for achievement.</li> <li>• (Question 60) Students feel that they are able to connect with adults in the build if they are in a time of need.</li> </ul> <p>Negatives:</p> <ul style="list-style-type: none"> <li>• (Question 1) Students feel that at times they do not want to come to school due to different factors.</li> <li>• (Questions 11 &amp; 12) Students feel that other students are treating and showing respect to others.</li> <li>• (Question 19) Students feel that others do not take pride in their school.</li> <li>• (Question 20) Student feel a sense of unsafety at school and/or while traveling to and from school.</li> </ul>
<p>What process data did you use? (examples: student participation in school activities, sports, clubs, arts; student participation in special programs such as peer mediation, counseling, skills conferences; parent/student participation in events such as college information meetings and parent workshops)</p>	<p>The process data we utilized included student participation in sports, fine arts (e.g., drama, band, orchestra, chorus), and clubs. We also considered student participation in our FAFSA Night, College Night, counseling opportunities, parent workshops, community fair, curriculum nights, and other school-related events.</p>

What does the process data tell you? (process data describes the way programs are conducted; provides evidence of participant involvement in programs; answers the question "What did you do for whom?")	53% of our students participated in sports, 16% participated in fine arts extracurricular activities, and 60% participated in various school clubs. Although the percentage of students involved in fine arts activities is lower, we saw an increase in club participation due to the implementation of a monthly club day built into our school schedule. There was limited participation from students and parents in the various school events that were offered. However, a significant number of students participated in individual and small group counseling sessions.
--	---

What achievement data did you use?	Georgia Milestone Assessment
------------------------------------	------------------------------

What does your achievement data tell you?	All subject areas saw a decrease in performance (developing and above) with the exception of Biology. Students are still not performing well academically across most subject areas.
---	--

What demographic data did you use?	Utilize sub-groups from the Georgia Milestones Assessment.
------------------------------------	--

What does the demographic data tell you?	The demographic data showed that 65% of our black students and 88% of our special education students are performing in the Beginning Level according to the Georgia Milestone Assessment.
--	---

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.1 Strengths and Challenges Based on Trends and Patterns

Read the trends and patterns summaries from each section of the data analysis process. Use the information in these summaries to complete 3.2 and 3.3. Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.2. Watch the [Identifying Need webinar](#) for additional information and guidance.

##### Strengths and Challenges Based on Trends and Patterns

Coherent Instructional: Summarize the coherent instructional system trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?	The instruction is aligned with state standards; however, teachers lack a clear understanding of the specific requirements of the standards. As a result, students are often taught information that does not align with the standards, negatively impacting their learning. Additionally, there are inconsistencies in interpreting formative data and intervening based on the collected data to guide instruction effectively.
Effective Leadership: Summarize the effective leadership trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?	Leadership has set expectations; however, there is a lack of monitoring and follow-through to ensure these expectations are met. Additionally, the leadership team is inconsistent in focusing on monitoring the school improvement plan with fidelity, and they conduct limited walkthroughs, hindering the ability to make necessary adjustments.
Professional Capacity: Summarize the professional capacity trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?	The majority of teachers lack the content knowledge and pedagogical skills needed to effectively instruct and convey a clear understanding of the material. They tend to spend more time on content they are comfortable with and skip over content they find challenging.
Family and Community Engagement: Summarize the family and community engagement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?	We have strong family and community engagement opportunities; however, participation from parents and guardians is limited. To improve this, we need to develop meetings that are connected to athletics and extracurricular activities.

# NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

## Strengths and Challenges Based on Trends and Patterns

Supportive Learning Environment: Summarize the supportive learning environment trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?	There are established expectations for the learning environment; however, there are inconsistencies across classrooms. While some classrooms are conducive to learning, others are disruptive.
Demographic and Financial: Summarize the demographic and financial trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?	The school has established a resource center, including a clothing closet and food pantry, to support students' needs. This is especially important given our high population of homeless and transient students.
Student Achievement: Summarize the student achievement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?	Our Black and Special Education students are performing at the beginning level academically in several areas: American Literature (Black - 66.67%, SPED - 91.30%), Science (Black - 63.06%, SPED - 91.09%), and Social Studies (Black - 64.66%, SPED - 80.77%).

IDEA – Special Education, Economically Disadvantaged Children, and English Learners.

Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the <a href="#">Identifying Need webinar</a> for additional information and guidance.
---

Strengths	The majority of students attend school daily and are eager to learn.
-----------	--

IDEA – Special Education, Economically Disadvantaged Children, and English Learners.

Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the [Identifying Need webinar](#) for additional information and guidance.

Challenges
------------

The challenges include the constant need to reteach material for student retention and the limited number of personnel equipped to teach the content effectively.
---

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.2 Identification and Prioritization of Overarching Needs

Use the results of 3.1 to identify the overarching needs of the LEA. Determine the priority order of the identified needs based on data, team member and stakeholder knowledge, and answers to questions in the table below. Be sure to address the major program challenges identified in 3.1. Watch the [Identifying Need webinar](#) for additional information and guidance.

Overarching Need # 1

Overarching Need	Teachers lack the content knowledge and pedagogical skills that are needed in order to effectively execute a lesson.
How severe is the need?	High
Is the need trending better or worse over time?	Worse
Can Root Causes be Identified?	Yes
Priority Order	1

Additional Considerations	
---------------------------	--

Overarching Need # 2

Overarching Need	Students lack the literacy skills that are needed to be successful academically.
How severe is the need?	High
Is the need trending better or worse over time?	Worse
Can Root Causes be Identified?	Yes
Priority Order	2

Additional Considerations	
---------------------------	--

## Overarching Need # 3

Overarching Need	The school's current culture and climate are contributing to an increase in behavior referrals and classroom disruptions.
How severe is the need?	High
Is the need trending better or worse over time?	Worse
Can Root Causes be Identified?	Yes
Priority Order	3

Additional Considerations	
---------------------------	--

## 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

## 3.3 Root Cause Analysis

Select the top 2-4 overarching needs from 3.2. Conduct a separate root cause analysis (RCA) for each need. Any RCA tools and resources can be used, but suggestions are available as part of the [Identifying Need webinar](#). After describing the RCA process, complete a table for each selected overarching need.

Overarching Need - Teachers lack the content knowledge and pedagogical skills that are needed in order to effectively execute a lesson.

## Root Cause # 1

Root Causes to be Addressed	<p>Teacher Related:</p> <ol style="list-style-type: none"> <li>1.High number of new teachers.</li> <li>2.Limited content-specific training for staff.</li> <li>3.Underdeveloped pedagogical skills.</li> <li>4.Inconsistent teacher attendance.</li> <li>5.Veteran teachers' resistance to change.</li> </ol> <p>Content and Instruction:</p> <ol style="list-style-type: none"> <li>6.Development of new content.</li> <li>7.Lack of established rituals and routines.</li> <li>8.Limited knowledge on data usage.</li> <li>9.Disruption within instructional time leading to increased behaviors.</li> </ol> <p>Student Related:</p> <ol style="list-style-type: none"> <li>10.High student absences.</li> <li>11.Lack of student motivation.</li> <li>12.Distracted from cell phones.</li> </ol> <p>Organizational and Administrative:</p> <ol style="list-style-type: none"> <li>13.Numerous district-mandated assessments.</li> <li>14.Atmosphere of discord.</li> </ol>
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	<p>IDEA - Special Education</p> <p>School and District Effectiveness</p> <p>Title I - Part A - Improving Academic Achievement of Disadvantaged</p>

Additional Responses	
----------------------	--

Overarching Need - Students lack the literacy skills that are needed to be successful academically.

## Root Cause # 1

Root Causes to be Addressed	<p>Teacher Related:</p> <ol style="list-style-type: none"> <li>1.High teacher turnover</li> <li>2.Lack of cohesiveness within departments</li> <li>3.Underdeveloped pedagogical skills</li> <li>4.Absence of content-specific coaching</li> <li>5.Limited training on new resources</li> <li>6.Lack of opportunities for cross-curricular reading</li> </ol> <p>Student Related:</p> <ol style="list-style-type: none"> <li>7.Lack of necessary literacy skills among students</li> <li>8.High student absenteeism</li> <li>9.Limited accountability</li> <li>10.Lack of early intervention</li> </ol> <p>Resource and Planning:</p> <ol style="list-style-type: none"> <li>11.Development of new content</li> <li>12.Lack of understanding of literacy</li> <li>13.Lack of buy-in into literacy initiatives</li> <li>14.Inflexibility</li> <li>15.Lack of planning</li> </ol> <p>Communication and Collaboration:</p> <ol style="list-style-type: none"> <li>16.Limited communication with feeder schools.</li> </ol>
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education School and District Effectiveness Title I - Part A - Improving Academic Achievement of Disadvantaged

Additional Responses	
----------------------	--

Overarching Need - The school's current culture and climate are contributing to an increase in behavior referrals and classroom disruptions.

## Root Cause # 1

Root Causes to be Addressed	<p>School Culture and Climate:</p> <ol style="list-style-type: none"> <li>1.Lack of collective efficacy.</li> <li>2.Inconsistencies within the classroom and school environment.</li> </ol> <p>Student Behavior and Engagement:</p> <ol style="list-style-type: none"> <li>3.Increase in student behavior issues.</li> <li>4.Lack of student engagement.</li> <li>5.Lack of student buy-in.</li> <li>6.Cell phones serving as distractions.</li> <li>7.Absence of student choice.</li> </ol> <p>Relationship Building and Engagement:</p> <ol style="list-style-type: none"> <li>8.Not taking the time to build relationships.</li> <li>9.Lack of parent engagement with student involvement.</li> </ol> <p>Incentives and Support:</p> <ol style="list-style-type: none"> <li>10.Limited incentives.</li> </ol>
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	School and District Effectiveness

# School Improvement Plan 2024 - 2025

Richmond County  
Laney High School

## SCHOOL IMPROVEMENT PLAN

## 1 General Improvement Plan Information

## General Improvement Plan Information

District	Richmond County
School Name	Laney High School
Team Lead	Dr. Cordaryl C. Middleton
Federal Funding Options to Be Employed (SWP Schools) in this Plan (Select all that apply)	Consolidation of Funds – Fund 150: Consolidation of State/Local and Federal Funds
Select the Funds that the LEA anticipates will be consolidated	Title I, Part A Title I, Part A Parent and Family Engagement set-aside Title I, Part A School Improvement 1003 (a)

Factors(s) Used by District to Identify Students in Poverty (Select all that apply)	
<input type="checkbox"/>	Free/Reduced meal application
<input checked="" type="checkbox"/>	Community Eligibility Program (CEP) - Direct Certification ONLY
<input type="checkbox"/>	Other (if selected, please describe below)

## 2. SCHOOL IMPROVEMENT GOALS

## 2.1 Overarching Need # 1

## Overarching Need

Overarching Need as identified in CNA Section 3.2	Teachers lack the content knowledge and pedagogical skills that are needed in order to effectively execute a lesson.
Root Cause # 1	<p>Teacher Related:</p> <ol style="list-style-type: none"> <li>1.High number of new teachers.</li> <li>2.Limited content-specific training for staff.</li> <li>3.Underdeveloped pedagogical skills.</li> <li>4.Inconsistent teacher attendance.</li> <li>5.Veteran teachers' resistance to change.</li> </ol> <p>Content and Instruction:</p> <ol style="list-style-type: none"> <li>6.Development of new content.</li> <li>7.Lack of established rituals and routines.</li> <li>8.Limited knowledge on data usage.</li> <li>9.Disruption within instructional time leading to increased behaviors.</li> </ol> <p>Student Related:</p> <ol style="list-style-type: none"> <li>10.High student absences.</li> <li>11.Lack of student motivation.</li> <li>12.Distracted from cell phones.</li> </ol> <p>Organizational and Administrative:</p> <ol style="list-style-type: none"> <li>13.Numerous district-mandated assessments.</li> <li>14.Atmosphere of discord.</li> </ol>
Goal	Increase the percentage of students performing at or above the developing level on the Georgia Milestones Assessment in all content areas by 6 percentage points, raising the school overall average from 37% to 43% by the end of the 24-25 SY.

## Action Step # 1

Action Step	Implement Laney Academy for teachers in order to improve content and pedagogical knowledge.
Funding Sources	Consolidated Funding
Subgroups	<p>Economically Disadvantaged</p> <p>Homeless</p> <p>English Learners</p> <p>Race / Ethnicity / Minority</p> <p>Student with Disabilities</p>
Systems	<p>Coherent Instruction</p> <p>Effective Leadership</p> <p>Professional Capacity</p> <p>Supportive Learning Environment</p>

## Action Step # 1

Method for Monitoring Implementation	Classroom observations Feedback Lesson Plans Cognia Teacher Observations Eleot Observations
Method for Monitoring Effectiveness	GMAS EOC Common Assessment
Position/Role Responsible	Instructional Specialist & Department Chair
Timeline for Implementation	Monthly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 2

Action Step	Implement common assessments aligned to the rigor of the standards.
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities Immigrant
Systems	Coherent Instruction
Method for Monitoring Implementation	Creation of Common Assessments
Method for Monitoring Effectiveness	Common Assessment GMAS EOC
Position/Role Responsible	Leadership Team
Timeline for Implementation	Others : Before Each Progress Report

## Action Step # 2

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 3

Action Step	Utilize a consultant in all subject areas in order to provide best practices and support to teachers and students.
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities Immigrant
Systems	Coherent Instruction Professional Capacity
Method for Monitoring Implementation	Classroom observations Feedback Lesson Plans Cognia Teacher Observations Eleot Observations
Method for Monitoring Effectiveness	GMAS EOC Common Assessment
Position/Role Responsible	Leadership Team
Timeline for Implementation	Monthly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?

Action Step # 3

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## 2. SCHOOL IMPROVEMENT GOALS

## 2.2 Overarching Need # 2

## Overarching Need

Overarching Need as identified in CNA Section 3.2	Students lack the literacy skills that are needed to be successful academically.
Root Cause # 1	<p>Teacher Related:</p> <ol style="list-style-type: none"> <li>1.High teacher turnover</li> <li>2.Lack of cohesiveness within departments</li> <li>3.Underdeveloped pedagogical skills</li> <li>4.Absence of content-specific coaching</li> <li>5.Limited training on new resources</li> <li>6.Lack of opportunities for cross-curricular reading</li> </ol> <p>Student Related:</p> <ol style="list-style-type: none"> <li>7.Lack of necessary literacy skills among students</li> <li>8.High student absenteeism</li> <li>9.Limited accountability</li> <li>10.Lack of early intervention</li> </ol> <p>Resource and Planning:</p> <ol style="list-style-type: none"> <li>11.Development of new content</li> <li>12.Lack of understanding of literacy</li> <li>13.Lack of buy-in into literacy initiatives</li> <li>14.Inflexibility</li> <li>15.Lack of planning</li> </ol> <p>Communication and Collaboration:</p> <ol style="list-style-type: none"> <li>16.Limited communication with feeder schools.</li> </ol>
Goal	Increase the percentage of students reading on grade level from 35% to 45%, as measured by the NWEA MAP Benchmark Assessment, by the end of the 24-25 SY.

## Action Step # 1

Action Step	Implement school-wide literacy strategies within all classrooms.
Funding Sources	Consolidated Funding
Subgroups	<p>Economically Disadvantaged</p> <p>Foster</p> <p>Homeless</p> <p>English Learners</p> <p>Migrant</p> <p>Race / Ethnicity / Minority</p> <p>Student with Disabilities</p> <p>Immigrant</p>

## Action Step # 1

Systems	Coherent Instruction Effective Leadership
Method for Monitoring Implementation	Lesson Plans Classroom Observations
Method for Monitoring Effectiveness	NWEA Data MAP Observation Data
Position/Role Responsible	Instructional Specialist
Timeline for Implementation	Others : Every Other Month

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 2

Action Step	Implement Laney Academy for teachers in order to improve content and pedagogical knowledge.
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities Immigrant
Systems	Coherent Instruction Effective Leadership
Method for Monitoring Implementation	Meeting Sign-In Sheets Classroom Observations Lesson Planning Cognia Teacher Observations Eleot Observations
Method for Monitoring Effectiveness	NWEA Data MAP Common Assessments Observation Data

## Action Step # 2

Position/Role Responsible	Instructional Specialist
Timeline for Implementation	Monthly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 3

Action Step	Implement L.I.T. w/ Laney (reading campaign) school-wide.
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities Immigrant
Systems	Coherent Instruction Effective Leadership
Method for Monitoring Implementation	Classroom Observations Meeting Schedule Cognia Teacher Observations Eleot Observations
Method for Monitoring Effectiveness	NWEA Data MAP Observation Data
Position/Role Responsible	Leadership
Timeline for Implementation	Others : Bi-Monthly

Action Step # 3

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## 2. SCHOOL IMPROVEMENT GOALS

## 2.3 Overarching Need # 3

## Overarching Need

Overarching Need as identified in CNA Section 3.2	The school's current culture and climate are contributing to an increase in behavior referrals and classroom disruptions.
Root Cause # 1	<p>School Culture and Climate:</p> <p>1.Lack of collective efficacy.</p> <p>2.Inconsistencies within the classroom and school environment.</p> <p>Student Behavior and Engagement:</p> <p>3.Increase in student behavior issues.</p> <p>4.Lack of student engagement.</p> <p>5.Lack of student buy-in.</p> <p>6.Cell phones serving as distractions.</p> <p>7.Absence of student choice.</p> <p>Relationship Building and Engagement:</p> <p>8.Not taking the time to build relationships.</p> <p>9.Lack of parent engagement with student involvement.</p> <p>Incentives and Support:</p> <p>10.Limited incentives.</p>
Goal	Decrease the number of disciplinary referrals by 26%, reducing them from 542 to 400, by the end of the 24-25 SY.

## Action Step # 1

Action Step	Implement PBIS with fidelity.
Funding Sources	Consolidated Funding
Subgroups	<p>Economically Disadvantaged</p> <p>Foster</p> <p>Homeless</p> <p>English Learners</p> <p>Migrant</p> <p>Race / Ethnicity / Minority</p> <p>Student with Disabilities</p> <p>Immigrant</p>
Systems	<p>Professional Capacity</p> <p>Supportive Learning Environment</p>
Method for Monitoring Implementation	<p>Sign-In Sheets</p> <p>Agendas</p> <p>Monthly Events</p>
Method for Monitoring Effectiveness	Monthly Behavior Referrals

## Action Step # 1

Position/Role Responsible	PBIS Team
Timeline for Implementation	Monthly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 2

Action Step	Recognize students for attendance, academic achievement, and extra-curricular activities.
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Race / Ethnicity / Minority Student with Disabilities
Systems	Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Announcements Infinite Campus Reports Pictures
Method for Monitoring Effectiveness	School Report Card: Academics & Attendance Extra-Curricular Reports
Position/Role Responsible	Administration Team
Timeline for Implementation	Monthly

## Action Step # 2

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 3

Action Step	Implement a student advisory committee.
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Race / Ethnicity / Minority Student with Disabilities Immigrant
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Sign-In Sheets Agenda Meeting Summary Notes
Method for Monitoring Effectiveness	Behavior Referrals Committee Feedback
Position/Role Responsible	Administrative Team
Timeline for Implementation	Monthly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?

### 3. REQUIRED QUESTIONS

#### 3.1 Stakeholders, Coordination of Activities, Serving Children, and PQ

##### Required Questions

<p>1. In developing this plan, briefly describe how the school sought advice from individuals (teachers, staff, other school leaders, paraprofessionals, specialized instructional support personnel, parents, community partners, and other stakeholders).</p>	<p>Input from stakeholders was gathered during face-to-face meetings held in the spring and through surveys shared with all stakeholders. In May 2024, the Leadership Team reviewed the previous year's plan and current data, including stakeholder surveys, to develop this year's plan. All Leadership Team members participated in evaluating the data from annual state assessments, local screeners, local tests for mastery, and other relevant data points. The plan will be presented to the entire faculty and staff for review and input, and subsequently shared with school stakeholders for feedback.</p>
<p>2. Describe how the school will ensure that low-income and minority children enrolled in the Title I school are not served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers.</p>	<p>The Human Resources and Federal Programs Departments of the Richmond County School System collaborate with our school to ensure that children enrolled in Title 1 schools are not disproportionately served by ineffective, out-of-field, or inexperienced instructors. We will review the School Improvement Dashboard equity data, which includes factors such as teacher effectiveness, experience, and background, provided at both the district and school levels. To recruit top talent, we attend various career fairs and use the PQ ESSA automated software to provide certification information, identify out-of-field status, and suggest teachers for specific courses. Additionally, the Department of Communication assists with branding the school.</p>
<p>3. Provide a general description of the Title I instructional program being implemented at this Title I school. Specifically define the subject areas to be addressed and the instructional strategies/methodologies to be employed to address the identified needs of the most academically at-risk students in the school. Please include services to be provided for students living in local institutions for neglected or delinquent children (if applicable).</p>	<p>This year, we hired a Math and Science Instructional Specialist and an ELA and Social Studies Instructional Specialist to provide additional support to teachers in improving content knowledge and pedagogical strategies in core classrooms. Student performance on NWEA MAP testing and Common Assessments will serve as progress monitoring tools to ensure students are growing as expected. We are also planning to hire a Social Studies and Literacy Consultant to work with our Social Studies Department and all teachers. The consultants will conduct classroom observations, provide meaningful feedback for teacher growth, model best practices, and co-teach to enhance pedagogical skills. Teachers will implement the strategies suggested by the consultants to increase student achievement. Additionally, we will be purchasing various software programs (IXL, Albert.io, ST Math, Edmentum) to enhance student achievement and engagement. These programs aim to reduce lecture-style teaching and integrate technology to meet students' needs through remediation, enrichment, or acceleration based on the current curriculum. The goal is to expose students to rigorous content aligned with content standards.</p>

<p>4. If applicable, provide a description of how teachers, in consultation with parents, administrators, and pupil services personnel, will identify eligible children most in need of services in Title I targeted assistance schools/programs. Please include a description of how the school will develop and implement multiple (a minimum of 2) objective, academic-based performance criteria to rank students for service. Also include a description of the measurable scale (point system) that uses the objective criteria to rank all students.</p>	<p>The RCSS will not have any Title I targeted assistance schools during the 2024-2025 school year.</p> <p>Targeted assistance schools use funds solely for programs that serve eligible children identified as having the greatest need. If the district acquires a targeted assistance school in the future, each such school will develop a plan to ensure the provision of services to all identified students in the targeted assistance program, enabling them to meet the state's challenging academic achievement standards.</p>
---	--

## 3. REQUIRED QUESTIONS

## 3.2 PQ, Federally Identified Schools, CTAE, Discipline

## Required Questions

5. If applicable, describe how the school will support, coordinate, and integrate services with early childhood programs at the school level, including strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.	N/A
6. If applicable, describe how the school will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including: Coordination with institutions of higher education, employers, and local partners; and Increased student access to early college, high school, or dual or concurrent enrollment opportunities or career counseling to identify student interest and skills.	<p>The CTAE Department will collaborate closely with the Student Services Department to ensure that middle and high school students are assessed using YouScience. This assessment will help identify students' interests, natural talents, and aptitudes, guiding them in selecting a high school pathway that aligns with their individual strengths.</p> <p>We will visit our feeder middle schools to share information about various career pathways with 8th grade students, facilitate tours of high schools for 8th graders, and host Career Fairs for both middle and high school students. During the master scheduling process, we will gather input on elective classes from 8th graders at our feeder schools and from our current high school students.</p> <p>RCSS provides Dual Enrollment opportunities in partnership with several local colleges, including Augusta University, Augusta Technical College, and Georgia Military College. High school students can take classes on college campuses, at their high schools, or virtually. Students and parents can refer to the School Choice guide to make informed decisions about their future. These opportunities are communicated through school counseling programs and the GAFutures website. Additional support for high schools includes recruiting business and industry partners to provide work-based learning opportunities, such as job shadowing, Manufacturing Days, Skills Challenges, and college tours through the high schools' CTSOs (Career Technical Student Organizations).</p> <p>RCSS also offers summer opportunities through the Students2Work partnership, allowing high school students to gain work experience in career areas of their choice, informed in part by their YouScience results.</p>

<p>7. Describe how the school will support efforts to reduce the overuse of discipline practices that remove students from the classroom, specifically addressing the effects on all subgroups of students.</p>	<p>In an effort to decrease class and school removal time, the district is implementing various supports and strategies. Behavior Coaches have been hired to work with students, parents, teachers, and school administrators to implement effective practices that increase instructional time and reduce removals from class. District staff also partner with the Emory Autism Center, RESA, and GLRS for professional learning, modeling, and coaching in schools and programs where data indicates elevated challenges with student behavior. District-level Instructional Specialists are collaborating closely with teachers and school administrators to improve the delivery of engaging instruction and explore alternative methods for managing classroom behavior, particularly for students with disabilities and other student subgroups. MTSS Facilitators are also working closely with teachers and school administrators to ensure students receive the assistance they need. Increasing student engagement, including the use of technology in the classroom, is recognized as an effective way to mitigate discipline issues.</p> <p>Additionally, RCSS is investing in Positive Behavior Interventions and Supports (PBIS) for all students. The PBIS Framework is being implemented in 31 schools across the district, while the remaining schools are implementing "Essential Features of School Wide Behavior Expectations" through the lens of PBIS. The goal is for all RCSS schools to eventually implement the full PBIS Framework with ongoing training and coaching.</p> <p>A PBIS District Data Team in the Office of School Climate regularly monitors discipline data for all schools and student subgroups, communicates with various stakeholders (including community members and members of the Department of Juvenile Justice), and collaborates with the CSRA RESA School Climate Specialist to provide professional learning and coaching for administrators, coaches, and teachers. Each PBIS school has a PBIS Coach who attends monthly meetings with the PBIS Coordinator to monitor discipline practices, receive professional learning, and collaborate on best practices. PBIS Schools hold monthly PBIS Team meetings to address discipline data and action plans to ensure positive outcomes.</p> <p>Twice a year, the District PBIS Leadership Team hosts meetings with all stakeholders to analyze system-wide discipline data trends and develop action plans based on the data.</p>
---	--

#### ADDITIONAL RESPONSES

<p>8. Use the space below to provide additional narrative regarding the school's improvement plan.</p>	<p>The Richmond County School System is committed to a continuous improvement cycle for System and School Improvement Planning. In this cycle, the system and schools review data and determine areas of greatest need through a comprehensive needs assessment. Then, root causes are examined, and initiatives are developed.</p> <p>The School Improvement Plan is evaluated at 60 days and 120 days. The Richmond County School System Leadership Team reviews data points and determines if the SIP (School Improvement Plan) goals are progressing. If goals are not progressing, the RCSS Leadership Team</p>
--	--

ADDITIONAL RESPONSES

	<p>offers support to help the school move forward. At the end of the year, the school's Leadership Team will use State Assessment data and other pertinent data to determine if goals were met. One key component to examining this data is breaking it down to the student's names – not just looking at percentages or sub-groups. Knowing exactly who to target and how to intervene is critical in this process. The Continuous Improvement Cycle allows schools to determine if the schoolwide program has been effective based on student achievement data and to help determine if new initiatives and action steps need to be taken.</p>
