Established in 1981, Davidson Fine Arts is a public magnet school in the Richmond County School System (RCSS) serving over 800 students in grades 6-12. Students are admitted on selective criteria based upon prior school record, good character, and an audition in five fine arts areas (music, dance, drama, art, and creative writing). Those attending Davidson are expected to explore all fine arts areas, but they may specialize in one or more fields during their high school years. Courses are tracked from introductory/exploratory to advanced levels in each area.

class rank & grade point average

An official class rank is compiled for each grade that is computed at the end of the year. Averages are carried out to three decimal places and final averages are not rounded. Student's grade point average (GPA) is based on quality points. Regular high school courses are on a 4.0 scale and Advanced Placement, International Baccalaureate, and College/University courses are on a 5.0 scale awarded for each grade earned. High school student transcripts include the GPA, class rank, and numerical average.

our CCRPI stats

2024 GOSA Single Score: 98.9

College and Career Ready Performance Index (CCRPI) is Georgia's statewide accountability system. The CCRPI assesses how well students are prepared for college and careers, and ensures that schools are focused on improving achievement among all students. The index measures student achievement on indicators such as content mastery, student growth on progress, subgroup performance on closing gaps, and various areas including Lexile performance, attendance, and other academic based measurements. Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. Each individual component score is on a scale of 0-100. Additional data for CCRPI can be found at this address: <https://ccrpi.gadoe.org/>
