## Goshen Elementary School 2023-2024 CCRPI Scores

2024 GOSA Single Score: 59.1

College and Career Ready Performance Index (CCRPI) is Georgia's statewide accountability system. The CCRPI assesses how well students are prepared for college and careers, and ensures that schools are focused on improving achievement among all students. The index measures student achievement on indicators such as content mastery, student growth on progress, subgroup performance on closing gaps, and various areas including Lexile performance, attendance, and other academic based measurements. Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. Each individual component score is on a scale of 0-100. Additional data for CCRPI can be found at this address: <https://ccrpi.gadoe.org/>
