Our Principal:

Ms. Rachel McRae

Our Mission:

The mission of A. Dorothy Hains Elementary School is to provide academic and social development for all students by ensuring a positive experience to prepare them for success.

Our Story:

Hains Elementary school is named in honor of Miss Dorothy Hains. She sponsored the Student Council Workshop-the first ever in the US in 1950-1951. Miss A. Dorothy Hains is honored as the Georgia Founder of Delta Kappa Gamma Society International in 1936. Hains Elementary is the only Elementary school in Richmond County to offer a STEM Magnet Program. All of our students receive STEM instruction-over and above the county curriculum. Our school is completely wireless-with a full computer lab and several mobile carts for classroom use. We have a full wet/dry lab to create our projects and conduct labs. We have a Mathineering classroom where students are able to work through the Engineering Design Process to solve rigorous math challenges and problems. Our school is a part of the Butler feeder school pattern.

## Our CCRPI stats:

College and Career Ready Performance Index (CCRPI) is Georgia's statewide accountability system. The CCRPI assesses how well students are prepared for college and careers and ensures that schools are focused on improving achievement among all students. The index measures progress on indicators such as content mastery, student attendance, and preparation for the next school level. Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. Schools may earn up to a set number of points in five main categories, for a total of 100 possible points.
