Hephzibah High School is the third largest high school by enrollment in the Richmond County School System (RCSS). When chartered by the Georgia Assembly in 1870, Brothersville became known as the city of Hephzibah. The school enjoys an even longer history – in 1860 it was chartered by local residents and is the second oldest high school in Richmond County. In 2016, Hephzibah High School began the transition to the International Baccalaureate® (IB) Middle Years Programme (MYP). The IB Diploma Programme and the Career-Related Programme are both near-term objectives.

special programs

The International Baccalaureate® (IB) Middle Years Programme (MYP) comprises eight subject groups, providing a broad and balanced education for early adolescents: Language Acquisition, Language and Literature, Individuals and Societies, Sciences, Mathematics, Arts, Physical and Health Education, and Design. HHS is currently in its second year of the Candidacy phase for IB MYP.

our CCRPI stats

College and Career Ready Performance Index (CCRPI) is Georgia's statewide accountability system. The CCRPI assesses how well students are prepared for college and careers and ensures that schools are focused on improving achievement among all students. The index measures progress on indicators such as content mastery, student attendance, and graduation rate. Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. Schools may earn up to a set number of points in five main categories, for a total of 100 possible points.

class rank & grade point average

An official class rank is compiled for each grade that is computed at the end of the year. Averages are carried out to three decimal places and final averages are not rounded. Student's grade point average (GPA) is based on quality points. Regular high school courses are on a 4.0 scale and Advanced Placement, International Baccalaureate, and College/University courses are on a 5.0 scale awarded for each grade earned. High school student transcripts include the GPA, class rank, and numerical average.
