- Answers the question:
 - Are students growing at a typical or high rate compared to academically-similar students from across Georgia?
- Student growth percentiles:
 - An SGP describes a student's growth relative to academically-similar students.
 - This ensures a student's starting point is considered when measuring his or her growth.
 - SGPs range from 1 to 99.
 - All students, regardless of their prior achievement level, have the opportunity to demonstrate all levels of growth.
