Teachers, Parents, Students

Together we can achieve SUCCESS!

“Where ALL MEANS ALL”

Parents are our partners.

At school

Barton Chapel Elementary School will work with students and their families to support students' success in reading and math. Some of our key connections with families will be to:

- Provide students with Number Talks/Number Sense lessons in daily math instruction.
- Provide hands-on opportunities for students to learn math concepts and skills.
- Provide daily reading instructions to build fluency, vocabulary, and comprehension skills.
- Provide links on class pages to family friendly websites for building reading and math skills.

At home

Barton Chapel's parents joined our staff to develop ideas about how families can support students' success in reading and math. As a parent, I will:

- Have my child practice basic math facts and work on grade level math skills.
- Have my child read books within his/her recommended Lexile range and ask questions about the reading to help with comprehension skills.

Barton Chapel Student Commitment

Barton Chapel Elementary students joined staff and parents to develop ideas about how they can succeed in school and aim to go the distance in math and reading. Students thought of the following ideas about how they can make the connections between learning at home and school:

- I will practice basic math facts. I will also use mental math strategies from Number Talks.
- I will complete my classwork and homework assignments.
- I will read for at least 20 minutes each night from a book within my Lexile range.
- I will give newsletters and other communications about school events and classroom instruction to my parents.

What is a School-Parent Compact?

A School-Parent Compact is an agreement that parents, teachers, and students develop together to promote success and high academic achievement in our school.

It explains how parents and teachers will work together to make sure all students get the individual support they need to meet and exceed grade level standards.

Jointly Developed with Parents

The parents of Barton Chapel Elementary School helped to develop this compact for achievement. School wide meetings are held each year to update the compact. An input/revision meeting was held in March 2024 to gather more feedback from parents and stakeholders. Parents are welcome to contribute comments at any time.

For more information on the school compact please contact Corinna Walker at (706) 796-4955.
