

## Math At Home

This collection of activities, organized by mathematical content, uses familiar routines that can be used by students and families. This website has Math activities for students in PreKindergarten through 5<sup>th</sup> grade: <https://mathathome.mathlearningcenter.org/> or

Integrating literature into mathematics lessons helps students see math concepts in context and presents an engaging and memorable way to explore skills. A list of children's literature that relates to important mathematics concepts follows. They can be used to read aloud to students, to engage students in reading along with you, or for independent reading. You may also find a video of the book title. This website contains a list of books for students in PreKindergarten through 5<sup>th</sup> grade: [https://belmontes.pwcs.edu/userfiles/servers/server\\_405063/file/math-and-lit-book-list.pdf](https://belmontes.pwcs.edu/userfiles/servers/server_405063/file/math-and-lit-book-list.pdf) or
