

What is a School-Parent Compact?

A School-Parent Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade level standards.

Jointly Developed

The parents, students, and staff worked together and shared ideas to develop the school-parent compact. Teachers, administrators, parents, and students collaborated to discuss ways for Pine Hill students to excel in mathematics and reading. Meetings are held each year to review and revise the compact based on the school's academic achievement goals and students' needs. Parents are welcome to provide feedback on the compact at any time during the school year. All feedback will be collected and reviewed during the annual revision meeting with parents. Please call 706-592-3730 or visit our website, <http://PineHill.rhboe.org> for more information on the school-parent compact.

Communication about Student Learning

Pine Hill Middle School is committed to frequent two-way communication with families about children's learning. Some of the way you can expect us to reach you are:

- ❖ Monthly progress reports
- ❖ Weekly Shout points
- ❖ Phone calls
- ❖ Text messages
- ❖ Remind
- ❖ DOJO
- ❖ Emails
- ❖ Updates on the school website and current grades in Infinite Campus
- ❖ Parent-Teacher conferences

Do you have questions about your child's progress report? Contact your child's teacher either by phone (706) 592-3730, or by email address located on the school's website at <http://PineHill.rhboe.org>.

Our Goals for Student Achievement

2025-2026 System Goals

Student Achievement

- During the 25-26 school year, we will increase student content mastery in tested subject areas on the Georgia Milestones by 6%.
- During the 25-26 school year, we will increase post-high school readiness by increasing our graduation rate by 2%.

Pine Hill Middle School Goals

By May 2026, ClassDojo will fully be integrated into school-wide communication resulting in improved family engagement.

By May 2026, 20% of our students will score proficient or distinguished on GMAS ELA/Math and 75% will meet their stretch growth on I Ready.

By May 2026, 80% of teachers will achieve a Level III rating through targeted, embedded, Professional learning and support during collaboration.

Students - Together for Success

In the School

Pine Hill Middle School will work with students and their families to support students' success in mastering the standards in reading and math. Some of our key connections with families will be:

- Holding parent nights that will include interactive learning for parents as well.
- Keep parents informed about academic progress utilizing various methods such as Newsletters, Infinite Campus, Weekly Shout points, Emails, Flyers, Remind, and DOJO.
- Share links to family-friendly web sites from our school and class web pages to aid in building vocabulary and math skills.
- Provide parents with materials from the learning kit full of fun materials.

At Home

Pine Hill Middle School parents joined staff to develop ideas about how families can support students' success in reading and math.

- Attend Parent Nights highlighting various academic and district initiatives. Topics may include I-Ready, Georgia Milestones, Infinite Campus training, Canvas, Zoom, Microsoft Applications, and content area focus.
- Look for the class newsletter, weekly shout points, flyers, emails, Remind and class Dojo messages, check infinite campus parent portal, and check out the school's website.
- Use the shared links to reinforce math skills and learn new vocabulary words and find ways to use these words in family conversations.
- Have fun with materials from the learning kit. For example, have students calculate the tip at a restaurant or the actual price of something on sale.

Pine Hill Middle School students joined staff and parents to develop ideas about how they can succeed in school and reach the stars in math and reading. Students thought of the following ideas to make connections between learning at home and school:

- Demonstrate their acquired skills and knowledge learned and share it with parents and teachers during Parent Nights.
- Bring a class newsletter, and flyer's home about Family Fun academic activities and encourage parents and family to participate. Remind parents to check Remind, Class Dojo, and Infinite Campus parent portal.
- Use shared links to review learned vocabulary words and practice math skills.
- Take home materials from the learning kit for parents to view and assist students with learning.
