

# Comprehensive Needs Assessment 2023 - 2024 School Report

**Richmond County  
Spirit Creek Middle School**

## 1. PLANNING AND PREPARATION

### 1.1 Identification of Team

The comprehensive needs assessment team consists of people who are responsible for working collaboratively throughout the needs assessment process. Ideal team members possess knowledge of programs, the capacity to plan and implement the needs assessment, and the ability to ensure stakeholder involvement. A required team member's name may be duplicated when multiple roles are performed by the same person. Documentation of team member involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

#### Leadership Team

	Position/Role	Name
Team Member # 1	Principal	Mrs. Kimberly Rouse
Team Member # 2	Assistant Principal	Mr. Jonavon Harris
Team Member # 3	Assistant Principal	Ms. Deneshia McClendon
Team Member # 4	Instructional Specialist	Dr. Rella Hicks
Team Member # 5	MTI Specialist	Dr. Samantha Nobles
Team Member # 6	6th Grade Department Chair	Ms. Shirley Harrington
Team Member # 7	Math TRI	Mr. Raynard Cochran

#### Additional Leadership Team

	Position/Role	Name
Team Member # 1	6th Grade Math Teacher	Ms. Beverly Lowery
Team Member # 2	8th Grade ELA Teacher	Ms. Khadeja Brisbane
Team Member # 3	School Counselor	Ms. Victoria Davis
Team Member # 4	School Counselor	Mrs. Calandria Fields
Team Member # 5	7th Grade Chair	Ms. Laraine Johnson
Team Member # 6	SPED Teacher	Mrs. Dealsylvonne Williams
Team Member # 7		
Team Member # 8		
Team Member # 9		
Team Member # 10		

# 1. PLANNING AND PREPARATION

## 1.2 Identification of Stakeholders

Stakeholders are those individuals with valuable experiences and perspective who will provide the team with important input, feedback, and guidance. Required stakeholders must be engaged in the process to meet the requirements of participating federal programs. Documentation of stakeholder involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

### Stakeholders

	Position/Role	Name
Stakeholder # 1	Community Member	Richard Peoples
Stakeholder # 2	Parent	Victoria Jordan
Stakeholder # 3	Teacher	Melva Springs
Stakeholder # 4	Volunteer	Joan Hill
Stakeholder # 5		
Stakeholder # 6		
Stakeholder # 7		
Stakeholder # 8		

How will the team ensure that stakeholders, and in particular parents and/or guardians, were able to provide meaningful input into the needs assessment process?	Collaborate with stakeholders to facilitate engagement. Seek their input on how to effectively involve them in planning and executing the needs assessment process.

## 2. DATA COLLECTION ANALYSIS

### 2.1 Coherent Instructional System

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of instructional needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Coherent Instructional System webinar](#) for additional information and guidance.

#### Coherent Instruction Data

<b>Curriculum Standard 1</b> -Uses systematic, collaborative planning processes so that teachers share an understanding of expectations for standards, curriculum, assessment, and instruction		
<b>1. Exemplary</b>	<p>A systematic, collaborative process is used proactively for curriculum planning.</p> <p>Nearly all teachers or groups of teachers, support staff, and leaders within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	
<b>2. Operational</b>	<p>A systematic, collaborative process is used regularly for curriculum planning.</p> <p>Most teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	✓
<b>3. Emerging</b>	<p>A collaborative process is used occasionally for curriculum planning.</p> <p>Some teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	
<b>4. Not Evident</b>	<p>A collaborative process is rarely, if ever, used for curriculum planning.</p> <p>Few, if any, teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	

## Coherent Instruction Data

<b>Curriculum Standard 2</b> -Designs curriculum documents and aligns resources with the intended rigor of the required standards		
<b>1. Exemplary</b>	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope, and sequence documents, guides) that are aligned with the intended rigor of the required standards are the products of a systematic, collaborative process.  These curriculum documents and resources are used and continuously revised by teachers and support staff to ensure an alignment with the intended, taught, and tested standards.	
<b>2. Operational</b>	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope and sequence documents, guides) have been designed, and resources are aligned with the intended rigor of the required standards.  These curriculum documents and resources guide the work of teachers and instructional support staff.	
<b>3. Emerging</b>	Curriculum documents and resources exist, but they are not complete in all content areas or grade levels or lack the intended rigor of the required standards.	✓
<b>4. Not Evident</b>	Few, if any, curriculum documents and resources exist to support the implementation of the intended rigor of the required standards.	

<b>Instruction Standard 1</b> -Provides a supportive and well -managed environment conducive to learning		
<b>1. Exemplary</b>	A supportive and well-managed environment conducive to learning is evident throughout the school.  Students consistently stay on-task and take responsibility for their own actions.	
<b>2. Operational</b>	A supportive and well-managed environment conducive to learning is evident in most classrooms.	
<b>3. Emerging</b>	A supportive and well-managed environment conducive to learning is evident in some classrooms.	✓
<b>4. Not Evident</b>	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

## Coherent Instruction Data

Instruction Standard 2 -Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	
3. Emerging	Some teachers create an academically challenging learning environment.	✓
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 3 -Establishes and communicates clear learning targets and success criteria aligned to curriculum standards		
1. Exemplary	Nearly all teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards. Learning targets are evident throughout the lesson and in student work. Articulation of the learning targets is consistent and pervasive among like content areas and grade levels.	
2. Operational	Most teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.  Learning targets are evident throughout the lesson and in student work.	
3. Emerging	Some teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	✓
4. Not Evident	Few, if any teachers establish clear learning targets and success criteria aligned to the required curriculum standards.	

Instruction Standard 4 -Uses research based instructional practices that positively impact student learning		
1. Exemplary	Nearly all teachers pervasively demonstrate a repertoire of highly effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
2. Operational	Most teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
3. Emerging	Some teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	✓
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

## Coherent Instruction Data

Instruction Standard 5 -Differentiates instruction to meet specific learning needs of students		
<b>1. Exemplary</b>	<p>Nearly all teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.</p> <p>Nearly all teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).</p> <p>Remediation, enrichment, and acceleration are pervasive practices.</p>	
<b>2. Operational</b>	<p>Most teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.</p> <p>Most teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).</p>	
<b>3. Emerging</b>	Some teachers differentiate instruction to meet the specific learning needs of students.	
<b>4. Not Evident</b>	Few, if any, teachers differentiate instruction to meet the specific learning needs of students.	✓

Instruction Standard 6 -Uses appropriate, current technology to enhance learning		
<b>1. Exemplary</b>	The use by staff members and students of appropriate, current technology to enhance learning is an institutional practice (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
<b>2. Operational</b>	Most staff members and students use appropriate, current technology to enhance learning (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
<b>3. Emerging</b>	Some staff members, students, or both use appropriate, current technology to enhance learning.	
<b>4. Not Evident</b>	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	✓

## Coherent Instruction Data

Instruction Standard 7 -Provides feedback to students on their performance on the standards or learning targets		
1. Exemplary	Nearly all teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.  Nearly all teachers systematically elicit diagnostic information from individual students regarding their understanding of the standards or learning targets.	
2. Operational	Most teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.	
3. Emerging	Some teachers use the language of the standards or learning targets to provide students with specific, descriptive feedback on their performance.	✓
4. Not Evident	Few, if any, teachers use the language of the standards or learning targets to provide students with feedback on their performance, or the feedback that is provided is not specific, timely, or understandable.	

Instruction Standard 8 -Establishes a learning environment that empowers students to actively monitor their own progress		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.  Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	
3. Emerging	Some students use tools to actively monitor their own progress.	
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	✓

Instruction Standard 9 -Provides timely, systematic, data -driven interventions		
1. Exemplary	Nearly all students are provided timely, systematic, data-driven interventions to support their learning needs.  Interventions are designed to meet the needs of each student. The effectiveness of those interventions is consistently monitored and adjustments are made.	
2. Operational	Most students are provided timely, systematic, data-driven interventions to support their learning needs.	
3. Emerging	Some students are provided extra assistance or needed support in a timely manner.	✓
4. Not Evident	Few, if any, students are provided extra assistance or effective support in a timely manner.	

## Coherent Instruction Data

Assessment Standard 1 -Aligns assessments with the required curriculum standards		
1. Exemplary	Nearly all assessments are aligned with the required curriculum standards. Assessments are reviewed during the school year to ensure alignment.	
2. Operational	Most assessments are aligned with the required curriculum standards.	
3. Emerging	Some assessments are aligned with the required curriculum standards.	✓
4. Not Evident	Few, if any, assessments are aligned with the required curriculum standards.	

Assessment Standard 3 -Uses common assessments aligned with the required standards to monitor student progress, inform instruction, and improve teacher practices		
1. Exemplary	Teachers consistently use common assessments aligned with the required standards in nearly all content areas, grade levels, or both for diagnostic, summative, and formative purposes.  The data from the common assessments are analyzed down to the item level, and the results are used to inform instruction and improve teacher practices.	
2. Operational	Teachers use common assessments aligned with the required standards in most content areas to monitor student progress, inform instruction, and improve teacher practices.	✓
3. Emerging	Teachers use some common assessments aligned with the required standards in a few content areas with a limited amount of data analysis to monitor student progress, inform instruction, or improve teacher practices.	
4. Not Evident	Teachers use few, if any, common assessments to monitor student progress, inform instruction, or improve teacher practices.	

Assessment Standard 4 -Implements a process to collaboratively analyze assessment results to adjust instruction		
1. Exemplary	Teachers extensively use a systematic, collaborative process to analyze assessment results. Instruction is consistently adjusted based on the analysis of assessment results across all content areas, grade levels, or both.	
2. Operational	Teachers regularly use a collaborative process to analyze assessment results. Instruction is routinely adjusted based on the analysis of assessment results.	
3. Emerging	Teachers occasionally use a collaborative process to analyze assessment results. Instruction is sometimes adjusted based on the analysis of assessment results.	✓
4. Not Evident	A collaborative process to analyze assessment results does not exist. Instruction is rarely, if ever, adjusted based on the analysis of assessment results.	

## Coherent Instruction Data

<b>Assessment Standard 5</b> -Implements grading practices that provide an accurate indication of student progress on the required standards		
<b>1. Exemplary</b>	The grading practices used by teachers across nearly all content areas, grade levels, or both, consistently provide an accurate indication of student progress on the required standards.	
<b>2. Operational</b>	The grading practices used by teachers in most content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	
<b>3. Emerging</b>	The grading practices used by teachers in some content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	✓
<b>4. Not Evident</b>	The grading practices used by teachers rarely, if ever, provide an accurate indication of student progress on the required standards.	

## 2. DATA COLLECTION ANALYSIS

### 2.2 Effective Leadership

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of leadership needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Effective Leadership webinar](#) for additional information and guidance.

#### Effective Leadership Data

Leadership Standard 1 -Builds and sustains relationships to foster the success of students and staff		
<b>1. Exemplary</b>	Administrators consistently build and sustain relationships to foster the success of students and staff.  The school staff is fully engaged in relationship building through collaboration, internal and external communication, and building trust with staff, students, families, and community stakeholders.	
<b>2. Operational</b>	Administrators regularly build and sustain relationships to foster the success of students and staff.	
<b>3. Emerging</b>	Administrators sometimes build relationships to foster the success of students and staff.	✓
<b>4. Not Evident</b>	Administrators seldom, if ever, build relationships to foster the success of students and staff.	

Leadership Standard 2 -Initiates and manages change to improve staff performance and student learning		
<b>1. Exemplary</b>	Administrators, the school leadership team, and other teacher leaders initiate and sustain change to improve staff performance and student learning.  Administrators, the school leadership team, and other teacher leaders create a sense of urgency for change and effectively communicate a common vision.	
<b>2. Operational</b>	Administrators and the school leadership team initiate and sustain change to improve staff performance and student learning.  The principal provides an appropriate balance of pressure and support to manage the change process for desired results.	
<b>3. Emerging</b>	Administrators initiate change to improve staff performance and student learning but do not sustain the change, remove barriers, or both.	✓
<b>4. Not Evident</b>	Administrators initiate few, if any, changes that impact staff performance and student learning.	

## Effective Leadership Data

Leadership Standard 3 -Uses systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices		
1. Exemplary	<p>The principal and other school leaders continually use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.</p> <p>The principal and other school leaders have a comprehensive knowledge and understanding of the best practices for curriculum, assessment, instruction, and professional learning.</p>	
2. Operational	The principal and other school leaders often use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	✓
3. Emerging	The principal and other school leaders occasionally use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	
4. Not Evident	The principal and other school leaders rarely, if ever, use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	

Leadership Standard 4 -Uses processes to systematically analyze data to improve student achievement		
1. Exemplary	Extensive, comprehensive processes, including root cause analysis, are used consistently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
2. Operational	Numerous processes are used frequently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
3. Emerging	Some processes are in place and used occasionally to analyze data to improve student achievement.	✓
4. Not Evident	Few, if any, processes are in place to analyze data to improve student achievement.	

Leadership Standard 5 -Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	<p>Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.</p> <p>Administrators collaborate consistently with staff members to gather input.</p>	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	✓
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

## Effective Leadership Data

<b>Leadership Standard 6</b> -Establishes and supports a data-driven school leadership team that is focused on student learning		
<b>1. Exemplary</b>	<p>A highly effective, proactive, and data-driven school leadership team is focused on student learning.</p> <p>The leadership team addresses nearly all areas of student and staff learning and school leadership, including the development, implementation, and regular monitoring of the school improvement plan.</p>	
<b>2. Operational</b>	<p>A data-driven school leadership team is established with stakeholder representation (e.g., core and non-core teachers, certified support staff) and is focused on student learning.</p> <p>The school leadership team meets regularly and uses norms and protocols to work effectively and efficiently.</p>	
<b>3. Emerging</b>	The school leadership team is established and has some stakeholder representation but is focused chiefly on school operations rather than student learning.	✓
<b>4. Not Evident</b>	A school leadership team does not exist or does not have adequate stakeholder representation.	

<b>Leadership Standard 7</b> -Monitors and evaluates the performance of teachers and other staff using multiple data sources		
<b>1. Exemplary</b>	<p>Monitoring the performance of teachers and other staff through observations, surveys, data, and documentation is consistent and comprehensive, resulting in highly accurate performance evaluations.</p> <p>A comprehensive system is in place to provide teachers and staff with ongoing, accurate, timely, detailed, descriptive feedback related to their performance.</p> <p>Administrators use the evaluation process to identify role models, teacher leaders, or both.</p>	
<b>2. Operational</b>	<p>Monitoring the performance of teachers and other staff regularly occurs using data or documentation, generally resulting in accurate performance evaluations.</p> <p>Teachers and staff receive accurate, timely, descriptive feedback related to their performance.</p>	
<b>3. Emerging</b>	<p>Monitoring the performance of teachers and other staff is inconsistent, incomplete, or lacks data or documentation, sometimes resulting in inaccurate performance evaluations.</p> <p>Teachers and staff receive some descriptive feedback related to their performance.</p>	✓
<b>4. Not Evident</b>	<p>Monitoring the performance of teachers and other staff rarely occurs or often results in inaccurate performance evaluations.</p> <p>Teachers and staff receive little or no descriptive feedback related to their performance.</p>	

## Effective Leadership Data

<b>Leadership Standard 8 -Provides ongoing support to teachers and other staff</b>		
<b>1. Exemplary</b>	A comprehensive support system that is timely and targeted to individual needs is provided to teachers and other staff.	
<b>2. Operational</b>	Most support provided to teachers and other staff is targeted to individual needs.	✓
<b>3. Emerging</b>	Some support provided to teachers and staff is targeted to individual needs.	
<b>4. Not Evident</b>	Support to teachers and staff does not exist or is not targeted to individual needs.	

<b>Planning and Organization Standard 1 -Shares a common vision and mission that define the school culture and guide the continuous improvement process</b>		
<b>1. Exemplary</b>	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	
<b>2. Operational</b>	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	
<b>3. Emerging</b>	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.	✓
<b>4. Not Evident</b>	A common vision and mission have not been developed or updated or have been developed by a few staff members.	

## Effective Leadership Data

<b>Planning and Organization Standard 2</b> -Uses a data-driven and consensus-oriented process to develop and implement a school improvement plan that is focused on student performance		
<b>1. Exemplary</b>	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from nearly all stakeholders.</p> <p>The plan includes appropriate goals and strategies with a strong focus on increasing student performance.</p> <p>This process and plan consistently guide the work of the school staff.</p>	
<b>2. Operational</b>	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from most plan stakeholders.</p> <p>The plan includes appropriate goals and strategies with a focus on increasing student performance.</p>	
<b>3. Emerging</b>	<p>A school improvement plan has been developed with input from some stakeholders.</p> <p>The school improvement plan is based on incomplete data analysis with limited focus on student performance.</p>	✓
<b>4. Not Evident</b>	An up-to-date, data-driven school improvement plan focused on student performance is not in place.	

<b>Planning and Organization Standard 3</b> -Monitors implementation of the school improvement plan and makes adjustments as needed		
<b>1. Exemplary</b>	<p>The goals and strategies of the school improvement plan are continually monitored by administrators, the school leadership team, and teacher leaders to evaluate the impact on student performance.</p> <p>Ongoing adjustments are made based on various performance, process, and perception data.</p>	
<b>2. Operational</b>	<p>The goals and strategies of the school improvement plan are regularly monitored by administrators and the school leadership team to evaluate the impact on student performance.</p> <p>Adjustments are made to the plan, as needed, based on the analysis of data.</p>	
<b>3. Emerging</b>	The goals and strategies of the school improvement plan are occasionally monitored by administrators.	
<b>4. Not Evident</b>	The goals and strategies of the school improvement plan are rarely, if ever, monitored.	✓

## Effective Leadership Data

Planning and Organization Standard 4 -Monitors the use of available resources to support continuous improvement		
<b>1. Exemplary</b>	<p>The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is consistently monitored.</p> <p>School schedules and processes are designed to make effective use of personnel, time, materials, and equipment.</p>	
<b>2. Operational</b>	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is frequently monitored.	
<b>3. Emerging</b>	The use of available resources to support continuous improvement is inconsistently monitored.	✓
<b>4. Not Evident</b>	The use of available resources to support continuous improvement is rarely, if ever, monitored.	

Planning and Organization Standard 5 -Develops, communicates, and implements rules, policies, schedules, and procedures to maximize student learning and staff effectiveness		
<b>1. Exemplary</b>	<p>Rules, policies, schedules, and procedures are developed with stakeholder input, effectively communicated, and consistently implemented throughout the school to maximize student learning and staff effectiveness.</p> <p>These rules, policies, schedules, and procedures are consistently reviewed and revised as needed.</p>	
<b>2. Operational</b>	<p>Rules, policies, schedules, and procedures are developed, communicated, and implemented throughout the school to maximize student learning and staff effectiveness.</p> <p>These rules, policies, schedules, and procedures are periodically reviewed and systematically revised as needed.</p>	✓
<b>3. Emerging</b>	Rules, policies, schedules, and procedures are developed but are not effectively communicated or are implemented inconsistently across the school.	
<b>4. Not Evident</b>	<p>Rules, policies, or procedures are not developed, are poorly communicated, or are ineffectively implemented.</p> <p>In some cases, rules, policies, schedules, or procedures are out of date or have become barriers to student learning or staff effectiveness.</p>	

## Effective Leadership Data

<b>Planning and Organization Standard 6</b> -Uses protocols to maintain the school campus and equipment providing a safe, clean, and inviting learning environment		
<b>1. Exemplary</b>	<p>Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used extensively to maintain the school campus and equipment providing a safe, clean, and inviting learning environment.</p> <p>A proactive maintenance process is in place, and repairs are completed in a satisfactory and timely manner, when needed.</p>	
<b>2. Operational</b>	<p>Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used to maintain the school campus and equipment providing a safe, clean, and inviting learning environment.</p> <p>The school and campus are clean, well-maintained, inviting, and safe.</p>	✓
<b>3. Emerging</b>	<p>Protocols are sometimes used to maintain the school campus and equipment.</p> <p>The school and campus are partially clean, maintained, and inviting, but some safety issues exist.</p>	
<b>4. Not Evident</b>	<p>Protocols do not exist or are rarely, if ever, used to maintain the school campus and equipment.</p> <p>The school and campus are not clean, maintained, or inviting, and safety issues exist.</p>	

## 2. DATA COLLECTION ANALYSIS

### 2.3 Professional Capacity

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of professional capacity needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Professional Capacity webinar](#) for additional information and guidance.

#### Professional Capacity Data

Leadership Standard 5 -Builds leadership capacity through shared decision-making and problem-solving		
<b>1. Exemplary</b>	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.  Administrators collaborate consistently with staff members to gather input.	
<b>2. Operational</b>	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	
<b>3. Emerging</b>	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	✓
<b>4. Not Evident</b>	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Professional Learning Standard 1 -Aligns professional learning with needs identified through analysis of a variety of data		
<b>1. Exemplary</b>	Professional learning needs are identified and differentiated through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).  Ongoing support is provided through differentiated professional learning.	
<b>2. Operational</b>	Professional learning needs are identified through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).	
<b>3. Emerging</b>	Professional learning needs are identified using limited sources of data.	✓
<b>4. Not Evident</b>	Professional learning needs are identified using little or no data.	

## Professional Capacity Data

Professional Learning Standard 2 -Establishes a culture of collaboration among administrators and staff to enhance individual and collective performance		
<b>1. Exemplary</b>	Administrators and staff, as a foundational practice, consistently collaborate to support leadership and personal accountability and to enhance individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).  Teachers conduct action research and assume ownership of professional learning processes.	
<b>2. Operational</b>	Administrators and staff routinely collaborate to improve individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).	
<b>3. Emerging</b>	Administrators and staff sometimes collaborate to improve individual and collective performance.	✓
<b>4. Not Evident</b>	Administrators and staff rarely collaborate to improve individual and collective performance.	

Professional Learning Standard 3 -Defines expectations for implementing professional learning		
<b>1. Exemplary</b>	Administrators, teacher leaders, or both consistently define expectations for the implementation of professional learning, including details regarding the stages of implementation and how monitoring will occur as implementation progresses.	
<b>2. Operational</b>	Administrators, teacher leaders, or both regularly define expectations for the implementation of professional learning.	✓
<b>3. Emerging</b>	Administrators, teacher leaders, or both occasionally define expectations for the implementation of professional learning.	
<b>4. Not Evident</b>	Administrators, teacher leaders, or both rarely, if ever, define expectations for the implementation of professional learning.	

## Professional Capacity Data

Professional Learning Standard 4 -Uses multiple professional learning designs to support the various learning needs of the staff		
<b>1. Exemplary</b>	Staff members actively participate in job-embedded professional learning that engages collaborative teams in a variety of appropriate learning designs (e.g., collaborative lesson study, analysis of student work, problem solving sessions, curriculum development, coursework, action research, classroom observations, online networks).  Professional learning includes extensive follow-up with descriptive feedback and coaching.	
<b>2. Operational</b>	Staff members actively participate in professional learning, most of which is job-embedded, which includes multiple designs (e.g., collaborative lesson study, analysis of student work, problem-solving sessions, curriculum development, coursework, action research, classroom observations, online networks) to support their various learning needs.  Professional learning includes follow-up with feedback and coaching.	
<b>3. Emerging</b>	Some staff members are engaged in professional learning that makes use of more than one learning design to address their identified needs.	✓
<b>4. Not Evident</b>	Staff members receive single, stand-alone professional learning events that are informational and mostly large-group presentation designs.	

Professional Learning Standard 5 -Allocates resources and establishes systems to support and sustain effective professional learning		
<b>1. Exemplary</b>	Extensive resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are allocated to support and sustain effective professional learning.  Opportunities to practice skills, receive follow-up, feedback, and coaching are provided to support the effectiveness of professional learning.	
<b>2. Operational</b>	Adequate resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are in place to support and sustain professional learning.	✓
<b>3. Emerging</b>	Some resources and systems are allocated to support and sustain professional learning.	
<b>4. Not Evident</b>	Few, if any, resources and systems are provided to support and sustain professional learning.	

## Professional Capacity Data

Professional Learning Standard 6 -Monitors and evaluates the impact of professional learning on staff practices and student learning		
<b>1. Exemplary</b>	Monitoring and evaluating the impact of professional learning on staff practices and increases in student learning occurs extensively.  Evaluation results are used to identify and implement processes to extend student learning.	
<b>2. Operational</b>	Monitoring and evaluating the impact of professional learning on staff practices and student learning occurs routinely.	
<b>3. Emerging</b>	Monitoring and evaluating the impact of professional learning on staff practices occurs sporadically.	✓
<b>4. Not Evident</b>	Monitoring and evaluating the impact of professional learning on staff practices occurs rarely, if ever.	

## 2. DATA COLLECTION ANALYSIS

### 2.4 Family and Community Engagement

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to family and community engagement. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Family and Community Engagement webinar](#) for additional information and guidance. Visit Georgia's Family Connection Partnership's [KIDS COUNT](#) for additional data.

#### Family and Community Engagement Data

Family and Community Engagement Standard 1 -Creates an environment that welcomes, encourages, and connects family and community members to the school		
1. Exemplary	<p>The school has a well-established, inviting learning environment that welcomes, encourages, and connects family and community members to the school.</p> <p>Numerous opportunities are given to family members to become actively engaged in school-related events and improvement efforts as participants, event managers, and workers.</p>	
2. Operational	The school has created an environment that welcomes, encourages, and connects family and community members to the school.	
3. Emerging	The school has made some progress toward creating an environment that welcomes, encourages, and connects family and community members to the school.	✓
4. Not Evident	The school has not created an environment that welcomes, encourages, or connects family and community members to the school.	

Family and Community Engagement Standard 2 -Establishes structures that promote clear and open communication between the school and stakeholders		
1. Exemplary	<p>Extensive structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.</p> <p>Structures are continuously monitored for reliable and interactive communication.</p>	
2. Operational	Most structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.	
3. Emerging	Some structures that promote clear and open communication between the school and stakeholders exist.	✓
4. Not Evident	Few, if any, structures that promote clear and open communication between the school and stakeholders exist.	

## Family and Community Engagement Data

<b>Family and Community Engagement Standard 3</b> -Establishes relationships and decision-making processes that build capacity for family and community engagement in the success of students		
<b>1. Exemplary</b>	<p>A wide variety of relationships and collaborative decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services, post-secondary partnerships) are pervasive in promoting student success and well being.</p> <p>Expectations for family and community engagement are embedded in the culture and result in stakeholders being actively involved in decision-making.</p>	
<b>2. Operational</b>	Numerous relationships and decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services) effectively build capacity for family and community engagement in the success of students.	
<b>3. Emerging</b>	Limited relationships and decision-making processes have been initiated by the school to build capacity for family and community engagement.	✓
<b>4. Not Evident</b>	Relationships and decision-making processes for families and the community are non-existent, or those that do exist contribute minimally to student success.	

<b>Family and Community Engagement Standard 4</b> -Communicates academic expectations and current student achievement status to families		
<b>1. Exemplary</b>	<p>The school staff provides families with ongoing, detailed academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols).</p> <p>Extensive communication related to the current achievement level of individual students is provided (e.g., progress reports, student-led parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	
<b>2. Operational</b>	<p>The school staff communicates academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols) throughout the year.</p> <p>Regular communication related to the current achievement level of individual students is provided (e.g., progress reports, parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	
<b>3. Emerging</b>	<p>The school staff communicates some academic expectations at the start of the year.</p> <p>Some communication related to the current achievement level of individual students is provided.</p>	✓
<b>4. Not Evident</b>	<p>The school staff does little to inform families of academic expectations.</p> <p>Little, if any, communication related to the current achievement level of individual students is provided.</p>	

## Family and Community Engagement Data

<b>Family and Community Engagement Standard 5</b> -Develops the capacity of families to use support strategies at home that will enhance academic achievement		
<b>1. Exemplary</b>	The school continually develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
<b>2. Operational</b>	The school frequently develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
<b>3. Emerging</b>	The school occasionally develops the capacity of families to use support strategies at home that will enhance academic achievement.	
<b>4. Not Evident</b>	The school seldom, if ever, develops the capacity of families to use support strategies at home that will enhance academic achievement.	✓

<b>Family and Community Engagement Standard 6</b> -Connects families with agencies and resources in the community to meet the needs of students		
<b>1. Exemplary</b>	The school has a systematic process in place to connect families with an array of agencies and resources (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	
<b>2. Operational</b>	The school regularly connects families to agencies and resources in the community (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	
<b>3. Emerging</b>	The school sometimes connects families to agencies and resources in the community to meet the needs of students.	✓
<b>4. Not Evident</b>	The school does little to connect families with agencies and resources in the community to meet the needs of students.	

## 2. DATA COLLECTION ANALYSIS

### 2.5 Supportive Learning Environment

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to a supportive learning environment. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). Student subgroups with a count of less than 15 are denoted by "TFS" (too few students). See the [Supportive Learning Environment webinar](#) for additional information and guidance.

#### Supportive Learning Environment Data

Instruction Standard 1 -Provides a supportive and well-managed environment conducive to learning		
<b>1. Exemplary</b>	A supportive and well-managed environment conducive to learning is evident throughout the school.  Students consistently stay on-task and take responsibility for their own actions.	
<b>2. Operational</b>	A supportive and well-managed environment conducive to learning is evident in most classrooms.	✓
<b>3. Emerging</b>	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
<b>4. Not Evident</b>	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 -Creates an academically challenging learning environment		
<b>1. Exemplary</b>	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
<b>2. Operational</b>	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	✓
<b>3. Emerging</b>	Some teachers create an academically challenging learning environment.	
<b>4. Not Evident</b>	Few, if any, teachers create an academically challenging learning environment.	

## Supportive Learning Environment Data

<b>Instruction Standard 8</b> -Establishes a learning environment that empowers students to actively monitor their own progress		
<b>1. Exemplary</b>	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.  Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
<b>2. Operational</b>	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	✓
<b>3. Emerging</b>	Some students use tools to actively monitor their own progress.	
<b>4. Not Evident</b>	Few, if any, students use tools to actively monitor their own progress.	

<b>School Culture Standard 1</b> -Develops, communicates, and implements rules, practices, and procedures to maintain a safe, orderly learning environment		
<b>1. Exemplary</b>	Rules, practices, and procedures that maintain a safe, orderly learning environment are proactively developed, communicated, and consistently implemented across the school.  These rules, practices, and procedures are continually monitored and revised as needed.	
<b>2. Operational</b>	Rules, practices, and procedures that maintain a safe, orderly learning environment are developed, communicated, and implemented.	✓
<b>3. Emerging</b>	Rules, practices, and procedures are developed and communicated but are ineffective or inconsistently implemented across the school.	
<b>4. Not Evident</b>	Rules, practices, and procedures that maintain a safe, orderly, learning environment are not developed nor updated or are poorly communicated.	

## Supportive Learning Environment Data

<b>School Culture Standard 2</b> -Establishes a culture of trust and respect that promotes positive interactions and a sense of community		
<b>1. Exemplary</b>	<p>Extensive evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A pervasive commitment to promoting positive interactions and a sense of community is evident.</p>	
<b>2. Operational</b>	<p>Evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A sustained commitment to promoting positive interactions and a sense of community is evident.</p>	✓
<b>3. Emerging</b>	<p>Some evidence exists that a culture of trust and respect has been established.</p> <p>A limited commitment to promoting positive interactions and a sense of community is evident.</p>	
<b>4. Not Evident</b>	<p>Little or no evidence exists that a culture of trust and respect has been established.</p> <p>Unresolved conflicts interfere with a sense of community.</p>	

<b>School Culture Standard 3</b> -Establishes a culture that supports the college and career readiness of students		
<b>1. Exemplary</b>	<p>Extensive evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.</p> <p>The school culture supports addressing individual achievement needs and strengths to prepare students for success.</p>	
<b>2. Operational</b>	<p>Evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.</p>	✓
<b>3. Emerging</b>	<p>Some evidence exists that the school supports the college and career readiness of students.</p>	
<b>4. Not Evident</b>	<p>Little or no evidence exists that the school supports the college and career readiness of students.</p>	

## Supportive Learning Environment Data

School Culture Standard 4 -Supports the personal growth and development of students		
1. Exemplary	The school staff consistently provides a comprehensive system of support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to maximize the personal growth and development of nearly all students.	
2. Operational	The school staff regularly provides support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to enhance the personal growth and development of students.	✓
3. Emerging	The school staff sporadically supports the personal growth and development of students.	
4. Not Evident	The school staff does little to support the personal growth and development of students.	

School Culture Standard 5 -Recognizes and celebrates achievements and accomplishments of students and staff		
1. Exemplary	<p>The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff.</p> <p>The celebrations are publicized within the school and to the community and support the culture of the school.</p>	
2. Operational	The school community regularly recognizes and celebrates the achievements and accomplishments of students and staff.	✓
3. Emerging	The school community periodically recognizes or celebrates the achievements or accomplishments of students and/or staff.	
4. Not Evident	The school community rarely, if ever, recognizes or celebrates the achievements or accomplishments of students or staff.	

## Supportive Learning Environment Data

<b>Planning and Organization Standard 1</b> -Shares a common vision and mission that define the school culture and guide the continuous improvement process		
<b>1. Exemplary</b>	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	
<b>2. Operational</b>	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	✓
<b>3. Emerging</b>	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.	
<b>4. Not Evident</b>	A common vision and mission have not been developed or updated or have been developed by a few staff members.	

## 2. DATA COLLECTION ANALYSIS

### 2.6 Data Analysis Questions

Analyze the LEA's data and answer the guiding questions to determine existing trends and patterns that support the identification of demographic and financial needs. Student subgroups with a count of less than 15 are denoted by "TFS" (too few students).

<p><b>What perception data did you use?</b> [examples: student perceptions about school climate issues (health survey, violence, prejudice, bullying, etc.); student/parent perceptions about the effectiveness of programs or interventions; student understanding of relationship of school to career or has an academic plan]</p>	<p>School Climate Surveys Discipline Referrals Health Surveys</p>
<p><b>What does the perception data tell you?</b> (perception data can describe people's knowledge, attitudes, beliefs, perceptions, competencies; perception data can also answer the question "What do people think they know, believe, or can do?")</p>	<p>The data reveals that perceptually we need to focus on involving teachers in the decision-making process; and professional learning programs must be continuously evaluated to better ensure the quality of instructional practices.</p>
<p><b>What process data did you use?</b> (examples: student participation in school activities, sports, clubs, arts; student participation in special programs such as peer mediation, counseling, skills conferences; parent/student participation in events such as college information meetings and parent workshops)</p>	<p>Team Rosters Sign-In Sheets (work shops and meeting)</p>
<p><b>What does the process data tell you?</b> (process data describes the way programs are conducted; provides evidence of participant involvement in programs; answers the question "What did you do for whom?")</p>	<p>There is not a substantial degree of participation in school activities, with particular attention to parent involvement.</p>

What achievement data did you use?	GMAS data i-Ready
------------------------------------	----------------------

What does your achievement data tell you?	Instructional delivery, engagement and rigor must be improved across the board in all content areas
---	---

What demographic data did you use?	Sub-groups data
------------------------------------	-----------------

What does the demographic data tell you?	Our African-American students scored lower than any other subgroup.

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.1 Strengths and Challenges Based on Trends and Patterns

Read the trends and patterns summaries from each section of the data analysis process. Use the information in these summaries to complete 3.2 and 3.3. Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.2. Watch the [Identifying Need webinar](#) for additional information and guidance.

##### Strengths and Challenges Based on Trends and Patterns

<p><b>Coherent Instructional:</b> Summarize the coherent instructional system trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Multiple data sources (i.e. i-Ready, CMAs, GMAS assessments) reveal that in order to improve student efficacy and achievement at Spirit Creek Middle School then the school leadership must target teaching and learning practices that facilitate the creation of effective and aligned common assessments that incorporate academic rigor and differentiation strategies to address the needs of multiple students. Furthermore, the leadership team must act as "transformative operatives" who foster learning and teaching practices that pervasively use optimal technology, relevant PL training, and research-based pedagogy to build an environment when both students and teachers are consistent in their attendance, and their commitment to improving the school.</p>
<p><b>Effective Leadership:</b> Summarize the effective leadership trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p><b>Leader Needs</b> Moving forward, leaders must improve in the practice of building and sustaining meaningful relationships with stake-holders (<i>i.e. staff, students, parental involvement, and community advocates</i>) that promote collaboration, and more clearly-defined communication, both of which will build capacity within and beyond the school setting.</p>
<p><b>Professional Capacity:</b> Summarize the professional capacity trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Stake-holders (leadership, students/teachers) must articulate and understand the shared vision of the school in alignment with the district vision to ensure that the learning environment is collaborative, engaging, and rigorous in the development of student achievement.</p>

## Strengths and Challenges Based on Trends and Patterns

<p><b>Family and Community Engagement:</b> Summarize the family and community engagement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Outside of athletics, families are not as pervasively engaged in the academic development of students to include low attendance in the Title I conferences and parent-teacher conferences.</p>
<p><b>Supportive Learning Environment:</b> Summarize the supportive learning environment trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Lack of medium to high rigor, and performance tasks that are not clearly aligned to performance standards. Additionally, differentiated practices are low.</p>
<p><b>Demographic and Financial:</b> Summarize the demographic and financial trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Inadequate funding to further stronger educational and equitable development in the student population</p>
<p><b>Student Achievement:</b> Summarize the student achievement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Professional Development for teachers and Leaders Differentiated instruction Data Driven decision Formative assessments</p>

IDEA – Special Education, Economically Disadvantaged Children, and English Learners.

Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the [Identifying Need webinar](#) for additional information and guidance.

Strengths	The teachers that teach these students demonstrate a great deal of patience and empathy when working with students with diverse learning needs
-----------	--

Challenges	There are challenges with teachers creating and implementing individualized learning plans. The teachers will need professional development on differentiated instruction.

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.2 Identification and Prioritization of Overarching Needs

Use the results of 3.1 to identify the overarching needs of the LEA. Determine the priority order of the identified needs based on data, team member and stakeholder knowledge, and answers to questions in the table below. Be sure to address the major program challenges identified in 3.1. Watch the [Identifying Need webinar](#) for additional information and guidance.

##### Overarching Need # 1

Overarching Need	High Level of Instruction with intentional purpose.
How severe is the need?	High
Is the need trending better or worse over time?	Unknown
Can Root Causes be Identified?	Yes
Priority Order	5

Additional Considerations	
---------------------------	--

##### Overarching Need # 2

Overarching Need	Teachers utilizing data to identify areas of improvement, track progress, and make informed decisions on resource allocation and instructional strategies.
How severe is the need?	High
Is the need trending better or worse over time?	Unknown
Can Root Causes be Identified?	Yes
Priority Order	3

Additional Considerations	
---------------------------	--

##### Overarching Need # 3

## Overarching Need # 3

Overarching Need	Creating a positive and inclusive school environment that fosters a sense of belonging, safety, and respect among students, teachers, and staff
How severe is the need?	High
Is the need trending better or worse over time?	Unknown
Can Root Causes be Identified?	Yes
Priority Order	2

Additional Considerations	
---------------------------	--

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.3 Root Cause Analysis

Select the top 2-4 overarching needs from 3.2. Conduct a separate root cause analysis (RCA) for each need. Any RCA tools and resources can be used, but suggestions are available as part of the [Identifying Need webinar](#). After describing the RCA process, complete a table for each selected overarching need.

##### Overarching Need - High Level of Instruction with intentional purpose.

###### Root Cause # 1

Root Causes to be Addressed	The lack of high level instruction contributing to students not achieving the rating of at least "Developing" on the GMAS in math.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education School and District Effectiveness

Additional Responses

##### Overarching Need - Teachers utilizing data to identify areas of improvement, track progress, and make informed decisions on resource allocation and instructional strategies.

###### Root Cause # 1

Root Causes to be Addressed	Teachers not implementing data-driven practices, analyzing student performance data, and using assessment results to inform instructional strategies.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	School and District Effectiveness

Additional Responses	
----------------------	--

**Overarching Need - Creating a positive and inclusive school environment that fosters a sense of belonging, safety, and respect among students, teachers, and staff**

**Root Cause # 1**

Root Causes to be Addressed	There needs to be a positive and engaging learning environment, incorporating relevant and interesting content, and promoting student ownership of learning.

## 2. SCHOOL IMPROVEMENT GOALS

### 2.1 Overarching Need # 1

#### Overarching Need

Overarching Need as identified in CNA Section 3.2	High Level of Instruction with intentional purpose.
Root Cause # 1	The lack of high level instruction contributing to students not achieving the rating of at least "Developing" on the GMAS in math.
Goal	Based on implementation of the district wide instructional framework expectations, student achievement in math will increase from 35% to 45% on the Georgia Milestones for the 2023-2024 school year.

#### Action Step # 1

Action Step	Provide professional development opportunities for teachers to enhance their skills and stay updated with best practices throughout the school year.
Funding Sources	Title I, Part A
Subgroups	Economically Disadvantaged English Learners Student with Disabilities
Systems	Coherent Instruction Effective Leadership Supportive Learning Environment
Method for Monitoring Implementation	Ewalks Lesson Plans
Method for Monitoring Effectiveness	Georgia Milestones
Position/Role Responsible	Administration
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	none

## 2. SCHOOL IMPROVEMENT GOALS

## 2.2 Overarching Need # 2

## Overarching Need

Overarching Need as identified in CNA Section 3.2	Teachers utilizing data to identify areas of improvement, track progress, and make informed decisions on resource allocation and instructional strategies.
Root Cause # 1	Teachers not implementing data-driven practices, analyzing student performance data, and using assessment results to inform instructional strategies.
Goal	Based on implementation of the district wide instructional framework expectations, student achievement in ELA will increase from 35% to 45% on the Georgia Milestones for the 2023-2024 school year.

## Action Step # 1

Action Step	Professional Learning Sessions throughout the year where subs will be needed.

### 3. REQUIRED QUESTIONS

#### 3.1 Stakeholders, Coordination of Activities, Serving Children, and PQ

##### Required Questions

<p>1. In developing this plan, briefly describe how the school sought advice from individuals (teachers, staff, other school leaders, paraprofessionals, specialized instructional support personnel, parents, community partners, and other stakeholders).</p>	<p>Input was received from stakeholders during face-to-face meetings held in the spring along with surveys that were shared with all stakeholders. In June of 2023, members of the Leadership Team worked together to review last year's plan and the data (including Stakeholder surveys) for this year's plan. All Leadership Team members were involved in the evaluation of data (Annual State assessments, local screeners, local tests for mastery, and other pertinent data points). The plan will be brought back to the school for all faculty and staff to review and to share input. The plan will then be shared with school stakeholders for feedback.</p>
<p>2. Describe how the school will ensure that low-income and minority children enrolled in the Title I school are not served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers.</p>	<p>The school will prioritize ongoing professional development for all teachers, especially those working with low-income and minority students.</p>
<p>3. Provide a general description of the Title I instructional program being implemented at this Title I school. Specifically define the subject areas to be addressed and the instructional strategies/methodologies to be employed to address the identified needs of the most academically at-risk students in the school. Please include services to be provided for students living in local institutions for neglected or delinquent children (if applicable).</p>	<p>The Human Resources and Federal Programs Departments of the Richmond County School System collaborate to ensure that children enrolled in Title I schools are not served at disproportionately high rates by ineffective, out-of-field, or inexperienced instructors. We will look at the School Improvement Dashboard equity data, which includes data factors about teacher effectiveness, experience, and background provided at the district and school level. We concentrate on identifying disparities, assessing district and school systems and programs that may have contributed to these injustices, and then adopt strategies/activities to alleviate those inequities. Our district improvement plan, which will include an equity component and improvement goals, will address the observed gaps. In addition, we assist school leaders in the scheduling process by giving statistics to help them make the best scheduling decisions for student achievement. To recruit elite talent, we conduct various career fairs, offer a virtual fair, attend college and university fairs, and use technology avenues. We also operate our Grow Your Own initiative in collaboration with our local university's Teach Richmond program. Stipends are available in high-need areas.</p>

<p>4. If applicable, provide a description of how teachers, in consultation with parents, administrators, and pupil services personnel, will identify eligible children most in need of services in Title I targeted assistance schools/programs. Please include a description of how the school will develop and implement multiple (a minimum of 2) objective, academic-based performance criteria to rank students for service. Also include a description of the measurable scale (point system) that uses the objective criteria to rank all students.</p>	<p>In Title I targeted assistance schools, the process of identifying eligible children most in need of services involves collaboration among teachers, parents, administrators, and pupil services personnel. The goal is to ensure that resources and support are provided to students who require additional assistance to succeed academically.</p>

##### Required Questions

5. If applicable, describe how the school will support, coordinate, and integrate services with early childhood programs at the school level, including strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.	N/A
6. If applicable, describe how the school will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including: Coordination with institutions of higher education, employers, and local partners; and Increased student access to early college, high school, or dual or concurrent enrollment opportunities or career counseling to identify student interest and skills.	We will build relationships and communicate with the feeder high school,
7. Describe how the school will support efforts to reduce the overuse of discipline practices that remove students from the classroom, specifically addressing the effects on all subgroups of students.	In support of this initiative, the school leadership will facilitate PLs regarding "Mastery in Classroom Management", with a focus on student engagement and rigorous performance tasks that require a series of processes to determine academic outcomes. Through reflective practice, past observations and data analyses have revealed that student removals from the classroom setting were a direct result of several factors: (1) Lag time, (2) Improper usage of district-wide instructional framework, and (2) inadequate lesson planning during collaborative meetings. Moving forward, as a best practice if students are engaged in meaningful work with a purposeful intent of mastering standards, then the amount of off-task behaviors will be reduced because students will devote more time to thinking and learning.
