Plan Revised May 1st, 2025

What is Title I?

Westside High is identified as a Title I school as part of the Every Student Succeeds Act (ESSA). Title I is designed to support State and local school reform efforts tied to the challenging State academic standards to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement and include strategies to support family engagement. All Title I schools must jointly develop with parents and family members a written parent and family engagement policy.

School Plan for Shared Student Achievement

What is it?

This is a plan that describes how Westside High will provide opportunities to improve family engagement to support student learning. Westside High values the contributions and involvement of parents and family members to establish an equal partnership for the common goal of improving student achievement. This plan describes the different ways that Westside High will support family engagement and how parents can help plan and participate in activities and events to promote student learning at school and at home.

How is it revised?

Last spring, Westside High School invited all parents to review and revise this parent and family engagement policy, as well as the school-wide plan, our school-parent compact, and the family engagement budget. Additionally, parent input and comments regarding this plan are welcome during the school year through an online form. The plan is posted on our school website for parents to view and submit feedback throughout the year. All parent feedback received during the year will be used to revise the plan for the next school year. We also distribute an annual survey online to ask parents for their suggestions on the plan and the use of funds for family engagement. Parents and family members can also give feedback during several parent meetings and activities during the school year. If the plan is not satisfactory to the parents of participating children, the school will submit any comments to the district office.

Who is it for?

All students participating in the Title I, Part A program, and their families are encouraged and invited to fully participate in the opportunities described in this plan. Westside High will provide full opportunity for the participation of parents and family members with limited English, with disabilities, and of migratory children.

Where is it available?

At the beginning of the year, the Richmond County Parent and Family Engagement Plan is included in the student code of conduct book that is given to all students. The Parent and Family Engagement Plan will also be posted on the school website and distributed at the Title I Annual Meeting. Parents can also retrieve a copy of the plan in the Parent Resource Center.

Parental Involvement

Westside High believes that family engagement means the participation of parents and family members in regular two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- That parents play an integral role in assisting their child's learning.
- That parents are encouraged to be actively involved in their child's education at school.
- That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.
- The carrying out of other activities as described in this plan.

Westside High School is committed to helping our parents attend the parental activities listed in this plan. Please call or email us if you need assistance with childcare or transportation in order to participate in our programs.

Westside High School is Branching Out!

Westside High School will take the following measures to promote and support parents and family members as an important foundation of the school in order to strengthen the school and reach our school goals. We will:

- ✓ Ensure that all information related to school and parent programs, meetings, and other activities is published in an understandable format and language and posted on the school website.
- ✓ Provide trainings for staff on strategies to improve communication with parents and ideas to increase family engagement with reading and math activities for our students outside of the classroom. Staff will also share best practices during regularly scheduled faculty meetings.
- ✓ Partner with middle schools, college and career ready resources or organizations, parent resource centers, or other programs (as applicable) to help prepare parents and their children for successful school transitioning.
- ✓ Share information for parents to understand the school's curriculum, academic standards and assessments as well as the ways parents can monitor their child's progress and work with educators. Provide parents with individual student assessment results and interpretation of those results.
- ✓ Communicate with all families and the community on a regular basis regarding school wide events and activities, through phone messages, the school website, and flyers.
- ✓ Work with our parents to develop relevant trainings and helpful presentations to educate our staff on the importance of parent and family engagement and how to support student learning.
- ✓ Provide necessary materials and handouts for parents at conferences, meetings, and activities to help parents work with their child to improve their child's achievement. These meetings will be offered at various times (morning and evening) and in various formats.
- ✓ Offer Infinite Campus account set up and assistance with usage for parents and family members to monitor their student's progress.
- ✓ Collect feedback from parents and family members at all events and post a survey on the school website in order to respond to parents' requests for additional support for parent and family engagement activities.
