Davidson Fine Arts School

Davidson Fine Arts School . . .

The people who go there are very cool.
All their work comes from the heart,
For all these people are very smart.

The academics, we want more,
But in the arts they really soar.
Whenever you need to really study,
The teachers will be just like your buddy.

Oh yeah, about our principal..
Mrs. Barnhart is very sensible.

The fine arts teachers - they're all grand.
Mrs. McCain's class sounds like a marching band.
Mr. Sone's class is O.K., too,
But boy are we glad when we're through!
Mrs. Padgelek, (she sure can draw)!
When we see her paintings, we just say, "Aww!"
Mrs. Miller's class is like some cream,
We go through it just like a dream!

John S. Davidson was born in Augusta, Georgia on June 17, 1846. He received a common school education in Augusta, completed his studies at Aubury Institute in Twiggs County, Georgia, and was admitted to the bar in 1866.

Davidson was a charter member of the Board of Education when it was organized on January 11, 1873. Five years later, he was elected president of the board and held that position until 1894 when he died in office.

He established the first kindergarten in Augusta in Davidson School in 1890.

John S. Davidson was described by a newspaper account as "the father of the education system in Richmond County."

The original Davidson School, the second oldest public school in the county, was erected in 1886; the first being Richmond Academy. It was the first building constructed by the Board of Education. The other buildings used for schools during that era had been converted from churches, homes or offices donated or purchased by the board.

The present Davidson School was built in the early 1930's on the same site of the original building.

In the 1981-82 school term, Davidson became the John S. Davidson Fine Arts School.

First Impressions

(of Davidson School)

I like the teachers
and the activities
... and some of the
work.

Shawnnia Wiggins

Things I like about
Davidson are ... the
people, the teachers,
and the rules.

Kim Ford

I like the music
rooms, the art room,
the library, and I
like my homeroom
and teacher.

Anonymous

I think this year will
be a good experience
for me and the rest
of the students.

Sim Wilkin

I like the teachers
at Davidson School.
I like the children
because they respect
me and they respect
themselves. I like
the things this school
has to offer me.

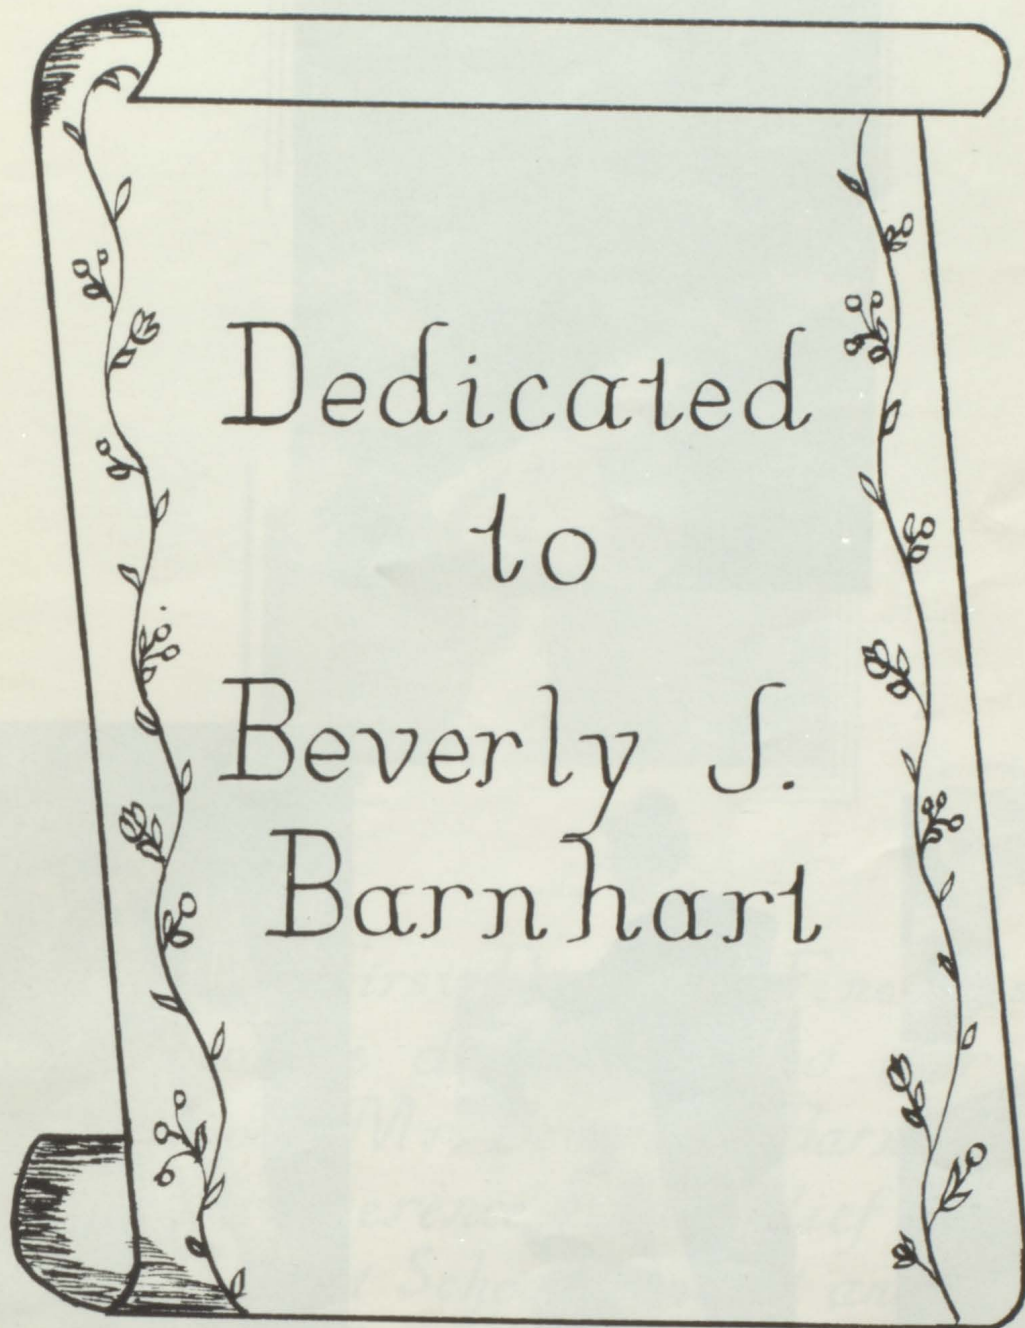

Benita McNeil

I was pretty scared
to come. But now I'm
not at all, because I've
got a great teacher. (I
think tomorrow will
be another scary and
sleepy day. Just a
little). I really think
this school will be lots
of fun.

Anonymous

I like the many arts
and different classes,
new friends; nothing
I think I'll hate.

The first Davidson Fine Arts Yearbook is dedicated to our principal, Mrs. Beverly S. Barnhart. Her perseverance and belief in the Magnet School concept and the Fine Arts School has brought many dreams to reality.
