

# LANGFORD WORLD MIDDLE SCHOOL

## Principal Darden's Greeting

Welcome to Langford World Middle School! I look forward to sharing an exciting year of learning and growing with you. Our teachers are continually looking for new and creative ways to engage our students in their learning experiences here at Langford World Middle School. We have high expectations for all of our students and in order to ensure success, it will be a joint effort between all stakeholders. I want our students to enjoy coming to school each and every day. We will accomplish this by creating a school environment that is filled with rich experiences to include performance based projects, real world application learning experiences, challenging projects, high academic achievement, lasting friendships, and indelible memories.

I am excited to be a part of the Langford Family and look forward to a great year!

Warm Regards,  
Sherri Darden  
Principal
