

Comparing Planets Activator

Name _____ Date _____ Period ____

Planet	Size Relative to the Earth	Surface Features	Atmospheric Features	Relative Distance from the Sun	Ability to Support Life	Other
Earth	Larger Smaller About the same		Gases in the Atmosphere?	_____ Planet from the Sun	Can Support Life Cannot Support Life	
Jupiter	Larger Smaller About the same		Gases in the Atmosphere?	_____ Planet from the Sun	Can Support Life Cannot Support Life	
Mars			Gases in the Atmosphere?	_____ Planet from the Sun	Can Support Life Cannot Support Life	
Mercury	Larger Smaller About the same		Gases in the Atmosphere?	_____ Planet from the Sun	Can Support Life Cannot Support Life	

Comparing Planets Activator

Name _____ Date _____ Period ____

Planet	Size Relative to the Earth	Surface Features	Atmospheric Features	Relative Distance from the Sun	Ability to Support Life	Other
Neptune	Larger		Gases in the Atmosphere?	_____ Planet from the Sun	Can Support Life	
	Smaller				Cannot Support Life	
	About the same					
Saturn	Larger		Gases in the Atmosphere?	_____ Planet from the Sun	Can Support Life	
	Smaller				Cannot Support Life	
	About the same					
Uranus	Larger		Gases in the Atmosphere?	_____ Planet from the Sun	Can Support Life	
	Smaller				Cannot Support Life	
	About the same					
Venus	Larger		Gases in the Atmosphere?	_____ Planet from the Sun	Can Support Life	
	Smaller				Cannot Support Life	
	About the same
