

Please continue to have your child do the April Learning Packet, I-Ready lessons, and Splashlearn lessons. In addition, please have your child read the following books in MyOn. Please sit down with your child and discuss the various features of a book. Please discuss whether the book is fiction or non fiction. Please discuss the author, illustrator, and title. Please discuss the setting of the story, the characters in the story, the problem that the characters find themselves facing in the story, how the problem gets solved, and what the conclusion of the story is. Not every story will have all of these elements. For example, if a story does not have a problem that the character must overcome, you would not need to discuss that element. Also, please discuss similarities and differences that are found between subjects in the book. How are they alike? How are they different?

**MyON Book List:**
