“Changing NO to Not Yet!”

August 5, 2019

Welcome to the 2019-2020 school year, where in my class we are actively working to change the NO, to a NOT YET! We have an exciting year ahead that will be filled with lots to explore, experience, and learn! I hope to be a guide and mentor to your child this year as they embark on a learning journey filled with excitement, challenges, and many learning opportunities.

One reason that I love being an educator so much is that students develop and grow a lot over the course of one year. It is wonderful to watch them as they expand their knowledge and learn new things! As your child continues to grow and learn this year, I hope that you will view me as someone you can count on to care for your child and their academic progress. I believe that children learn best when the teacher and parents work together to achieve the same goals with a child. I love to have open communication with families since my students are my top priority. This year, you can be certain that I will work diligently to help them in any way possible. With that in mind, please feel free to contact me at any point if you have questions or concerns about something going on in the classroom or with your child specifically.

Thanks,

Ms. Price
