PEER TUTORING: Teachers may recommend a student for our peer tutoring program offered on Mondays and Wednesdays from Beta Club Members. This is a free service that is offered to students who are struggling. Students are scheduled for one (45 min) session per week and should also attend the teacher(s) tutoring session to take advantage of every opportunity for improvement.

NOTE: Teachers reserve the right to cancel a tutoring session due to meetings, appts, illness, etc. Students should always check prior to attending a tutoring session and communicate with parent(s) all tutoring information.
