

Welcome to Second Grade 2022-2023 school year! This year will be packed full of information and learning! You will be amazed at just how much your child will grow this year. Staying involved in your child's education is the key to a successful year. Engage your child in conversation about his/her day. Another way to stay involved is to check your child's take home folder every night. They may be packed with school assignments, homework, projects, flyers, notices from the office, as well as notes from their teacher. As daunting as it may be, try to sort through them and read each one. They often contain important information and reminders.

Academic Yearly Overview

In second grade, students will use individualized learning stations to master all academic content standards.

Math- students will be required to identify numbers up to 120; understand and apply base ten using place value: fluently add and subtract up to 4-digit numbers; measurement, length, and time; and identify attributes of plane and solid shapes.

Reading/Language Arts- students will be required to master Second grade I-Ready sight words, read with fluency and accuracy while using decoding strategies.

Writing- participate in Writer's Workshop where they will learn the fundamentals of narrative, informational, and opinion writing compositions.

Science- students will learn about energy and motion, seasons of the year, shadows, moon phases, and constellations, light and sound, life cycles of plants and animals, and basic needs of living things.

Social Studies- students will learn about historical figures; Georgia: Georgia's first people. How Georgia Became a Colony. Becoming a Georgian; Production, Distribution, Consumption, and Scarcity; and Geography.
