

In the Richmond County School System, we aim to cultivate a love of reading by giving students access to a wide variety of books and choice in what they read. We encourage students to socialize around reading and share their reading experiences. The grade level book lists include teacher favorites, student favorites, and those included in the curriculum. The books included on this list, especially for Kindergarten through second grade, are a mix of books for a guardian to read to a student and for a student to read independently.
