

2020-21 SCIENCE FAIR INFORMATION

Greetings Parents

It is time for the 2021 RCSS and SRES Science Fairs! For the 2020-2021 academic school year, all school based Science and Engineering Fairs will take place virtually in order to keep our sponsors, volunteers, judges, faculty, staff and students safe during the ongoing coronavirus pandemic. Only students in grades 4 -5 should complete an individual Science Fair project. (Group projects are discouraged due to social distancing guidelines.) Tri-boards are NOT required this year. Students will put together a PowerPoint presentation for their project. PowerPoint presentation templates can found on your child's Science teacher's webpage. Science Fair websites and other resources can also be found on your child's Science teacher's webpage. For any questions, contact your child's Science teacher.

Important Dates to Remember	
Task	Due Date
Students should turn in a "testable" topic to the teacher. The teacher will approve/disapprove.	Wednesday, January 20, 2021
Students should turn in projects. This will be done virtually. Teachers will explain the process to students. No projects for Science Fair entry will be accepted after this date,	Wednesday, February 10, 2021
SRES 2020-21 Virtual Science Fair	Wednesday, February 17, 2021
