

RICHMOND COUNTY TECHNICAL CAREER MAGNET SCHOOL

3200 B Augusta Tech Drive
Augusta, Georgia 30906
(706) 823-5580 – Fax: (706) 796-4889

Dear Parents:

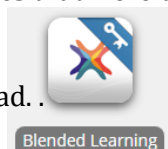

Your student has two options regarding grade recovery for mathematics for the second 9 weeks. **Only complete option 1 or 2.**

Option 1: Students who did **NOT** complete the USAtestprep Recovery Activities that were due December 30, 2019.

1. Login to USAtestprep.com
2. Complete the Unit 2 Post Test Make Up Assessment. The assessment must be completed by **January 31, 2020.**
 - a. 6th grade code: KOPEXABEWO
 - b. 7th grade code: YUMAJUROLU
3. You are encouraged to work on this at home. You may also use the computers in the media center before or during school. **You must get your teacher's permission.**
4. Once you complete the assessment, I will update your grade.

Option 2: For students who DID complete the recovery activities that were due on December 30, 2019 but would like to improve their 2nd 9 weeks grade:

1. Access the “**blended learning**” app from your Launchpad. .

2. You will have to complete the course that has been assigned to you. It is either **6th Grade Math 2nd Nine Weeks** or **7th Grade Math 2nd Nine weeks**. **The course must be completed by Friday, February 14, 2020 by 11:59 PM.** Please do not wait until the last minute to complete this course. You may use your class notes and/ or your textbook to assist.
3. Your grade depends on completion of the all the assignments, quizzes, and assessments. **The grade on the Edgenuity course will replace the grade that was on your report card for the 2nd nine weeks.**

4. You are encouraged to work on this at home. You may also use the computers in the media center before or during school. **You must get your teacher's permission.**

5. **Computer failure or lack of home internet access is not an excuse for not completing this Grade Recovery!**

Sincerely,

Ms. Pinkston
