Rising 7th Grade Math Summer Work
2020-2021 School Year
Ms. Arnold

Practice basic skills packet, please view and/or download from the Davidson webpage. You must show your work for full credit. You can print the packet from my webpage or from the Davidson home page, or you can just copy the problems on your own paper; just make sure to **SHOW YOUR WORK!** This packet will be graded for accuracy and will count as a major test grade for the first nine weeks. It will be due August 11, or the fourth day back to school.

7th Grade English Language Arts
2020-2021 School Year

Welcome to 7th grade English Language Arts. Please go to **my webpage** to find out more about our class and to see the FAQs about the summer work. I will be checking my email throughout the summer, so feel free to email me if you have any questions. I look forward to seeing you in August.

Summer Work

Read the novel *The Watsons Go to Birmingham – 1963* by Christopher Paul Curtis. The common knowledge we will have of this book will be a good foundation as we start our year together.

Complete **all three** activities from the list below to demonstrate your knowledge of the novel. Make sure that your full name is on all three pieces of work.

1. As you are reading the novel, write twenty-five annotations. Make sure your annotations are numbered and written as complete sentences. **Very Important:** See “Annotation Template” on my summer work webpage. This will give you more complete instructions.
2. Handwrite or type a two-page letter to one of the characters about your thoughts and feelings after completing the book. Be sure to include details from the story to support your thoughts and feelings.
3. Create a timeline of the ten most important events that took place in the novel. The events should be listed in chronological order. Each event should be explained using at least three sentences with an image or picture to describe each event. Make this large enough to post in the classroom.

Please **look on my webpage** to see FAQs and other information about this project. **Your summer work will be collected by Tuesday, August 11th (or the fourth day of school if our start date is changed).**
