

The background features a repeating pattern of small, light gray icons representing various scientific fields: a microscope, a beaker, a planet, a cell, a robot, a telescope, a globe, and a person's head. This pattern is overlaid on a white background. Four large, overlapping geometric shapes are positioned at the corners: a green triangle pointing right in the top-left, a dark gray triangle pointing left in the top-right, a dark gray triangle pointing right in the bottom-left, and a green triangle pointing left in the bottom-right. The word "tripfinder" is centered in a serif font, with "trip" in dark gray, "finder" in dark gray, and the letter "f" in a vibrant green color.

Quick Start Guide: Create a Field Trip Request

tripfinder

With Transfinder's **Tripfinder** application it's easy to submit, track and manage your field trip requests from your favorite browser!

View requests on the **Field Trips** grid or see the status of your trips on the **My Submitted Requests** grid. Use pre-defined **Templates** to make submitting even faster, or start from a blank form to submit a new or unique field trip request.

Enter information such as **Contact**, **Destination**, required **Equipment**, and attach important **Documents** to your request to ensure your Transportation department has the information needed for accurate and safe field trip planning.

1: Log In

Your district will provide you with a URL and the necessary login credentials (**Client ID, User Name, Password**) needed to access Tripfinder. On the login screen enter these credentials.

Check **Remember Me** if you want to save your login credentials.

Click the **Log In** button to begin creating your field trip request.

2: Start a New Field Trip Request

When you first log in, you will find yourself on the **Field Trips** grid. Here you can see all the field trips submitted for your school.

Click the **Submit New Request** button in the top right-hand corner of the page.

When you click Submit New Request the **Add Field Trip** form will appear.

3: Fill Out Form

Enter the details for your field trip in the appropriate fields on the **Add Field Trip** form.

Any field with an asterisk (*) is required.

There are different types of fields on the form. Some require a text entry, others will have a drop-down menu to choose from, or a date/time picker.

Field Trips Grid

Add Field Trip Form

4: Save and Submit

Choose the appropriate save method at the bottom of the form.

Save: Submit your field trip request for approval.

Save as Template: Save the form field entries to auto-populate a request form in the future.

Save & Close: Submit request for approval and close the form.

Close: Exit form without saving or submitting your request.

Add Field Trip Form: Save Options

5: My Submitted Requests

After saving and submitting your field trip request, navigate to **My Submitted Requests** to view field trip requests you have submitted. You can easily track your requests through the grid.

Refer to the **Status** column to see the current status of your requests.

You will be able to make edits to your field trip request up until it has been reviewed by the first approver. To edit a request, select the record you want to work with in the grid, right click and select the **Edit Trip** option from the **Right Click Menu**.
